R.I.S.C. Collection 1 (Books 1-4) Anna Blakely 2021-11-07 R.I.S.C. (Rescue, Intel, Security, & Capture): A team of former special forces operators who will stop at nothing to protect the women they love, Perfect for fans of Susan Stoker, Cynthia Eden, Cristin Harber, Riley Edwards, and more, this romantic suspense collection includes the first four books in a completed 10-book series. With these titles, readers get four, full-length stories filled with steamy romance, edge-of-your-seat suspense, and twists and turns you won't see coming. Whether it be a best friend's little sister, an insta-love connection, a woman as stubborn as the gruff hero assigned to guard her, or a long-lost love in need of protection, this exciting new collection has something for everyone!

The Cold Storm John Etterlee 2019-06-21 They targeted his family. A storm is coming... On a winter camping trip in the mountains of Montana, an ex-Army Ranger must save his family from a gang of killers by reuniting with his combat-hardened buddies for one final fight. Former Special Ops Sergeant, Roger O'Neil, thought it would be a simple winter retreat with his loved ones in the vast Montana wilderness. He thought wrong. Little did he know that there was something much more sinister in store for them when he finds a lone drifter hiding out in the woods behind his mountain cabin. Deciding to help the strange man sends his life into a tailspin and puts a target directly on his family's back when they become hunted by the Aryan Brotherhood. With their lives threatened by an unforeseen criminal conspiracy, Roger decides to call on the only ones he knows can help them--a group of gun-toting former special operators who'd love nothing more than an excuse to wage war. It's a race for time to defend the defenseless and save his family from the clutches of a gang of sadistic killers. Will they succeed? Or will they become victims of an extensive criminal underworld?

Hard As It Gets Laura Kaye 2013-11-26 Five dishonored soldiers. Former Special Forces. One last mission. These are the men of Hard Ink. Trouble just walked into Nicholas Rixey's tattoo parlor. Becca Merritt is warm, sexy, wholesome—pure temptation to a very jaded Nick. He's left his military life behind to become co-owner of Hard Ink Tattoo, but Becca is his ex-commander's daughter. Loyalty won't let him turn her away. Lust has plenty to do with it too. With her brother presumed kidnapped, Becca needs Nick. She just wasn't expecting to want him so much. As their investigation turns into all-out war with an organized crime ring, only Nick can protect her. And only Becca can heal the scars no one else sees. Desire is the easy part. Love is as hard as it gets. Good thing Nick is always up for a challenge . . .

Code Over Country Matthew Cole 2022-02-22 A hard-hitting exposé of SEAL Team 6, the US military's best-known brand, that reveals how the Navy SEALs were formed, then sacrificed, in service of American empire. The Navy SEALs are, in the eyes of many Americans, the ultimate heroes. When they killed Osama Bin Laden in 2011, it was celebrated as a massive victory. Former SEALs rake in cash as leadership consultants for corporations, and young military-bound men dream of serving in their ranks. But the SEALs have lost their bearings. Investigative journalist Matthew Cole tells the story of the most lauded unit, SEAL Team 6, revealing a troubling pattern of war crimes and the deep moral rot beneath authorized narratives. From their origins in World War II, the SEALs have trained to be specialized killers with short missions. As the wars in Iraq and Afghanistan became the endless War on Terror, their violence spiraled out of control. Code Over Country details the high-level decisions that unleashed the SEALs' carnage and the coverups that prevented their crimes from coming to light. It is a necessary and rigorous investigation of the unchecked power of the military—and the harms enacted by and upon soldiers in America's name.

Strikemasters Bill Kellan 2008-12-30 When a group of al Qaeda marauders kidnaps aid workers, planning to kill them and sell the footage to the highest bidder, the 201st Special Operations Group decides to test out the new Strikemasters, an ultimate, fast-moving, hard-hitting weapon on the enemy. Original.

Department of Defense Dictionary of Military and Associated Terms 1984

Modern Warfare BradyGames 2009 Features a step-by-step walkthrough of the Call of Duty: Modern Warfare Reflex game, leading players through every single-player mission. This title lets you find maps which call out intel locations, alternate routes, camouflage, challenges, achievements and more. It includes the boss tactics to defeat the toughest enemy.

Kubernetes: Up and Running Kelsey Hightower 2017-09-07 Legend has it that Google deploys over two billion application containers a week. How's that possible? Google revealed the secret through a project called Kubernetes, an open source cluster orchestrator (based on its internal Borg system) that radically simplifies the task of building, deploying, and maintaining scalable distributed systems in the cloud. This practical guide shows you how Kubernetes and container technology can help you achieve new levels of velocity, agility, reliability, and efficiency. Authors Kelsey Hightower, Brendan Burns, and Joe Beda—who've worked on Kubernetes at Google and other organizatons—explain how this system fits into the lifecycle of a distributed application. You will learn how to use tools and APIs to automate scalable distributed systems, whether it is for online services, machine-learning applications, or a cluster of Raspberry Pi computers. Explore the distributed system challenges that Kubernetes addresses Dive into containerized application development, using containers such as Docker Create and run containers on Kubernetes, using the docker image format and container runtime Explore specialized objects essential for running applications in production Reliably roll out new software versions without downtime or errors Get examples of how to develop and deploy real-world applications in Kubernetes

The Fate of the Species Fred Guterl 2012-05-22 In the history of planet earth, mass species extinctions have occurred five times, about once every 100 million years. A "sixth extinction" is known to be underway now, with over 200 species dying off every day. Not only that, but the cause of the sixth extinction is also the source of single biggest threat to human life: our own inventions. What this bleak future will truly hold, though, is much in dispute. Will our immune systems be attacked by so-called super bugs, always evolving, and now more easily spread than ever? Will the disappearance of so many species cripple the biosphere? Will global warming transform itself into a runaway effect, destroying ecosystems across the planet? In this provocative book, Fred Guterl examines each of these scenarios, laying out the existing threats, and proffering the means to avoid them. This book is more than a tour of an apocalyptic future; it is a political salvo, an antidote to well-intentioned but ultimately ineffectual thinking. Though it's honorable enough to switch light bulbs and eat home-grown food, the scope of our problems, and the size of our population, is too great. And so, Guterl argues, we find ourselves in a trap: Technology got us into this mess, and it's also the only thing that can help us survive it. Guterl vividly shows where our future is heading, and ultimately lights the route to safe harbor.

Total Surrender Rebecca Zanetti 2015-03-31 A fight he must win . . . Piper Oliver knows she can't trust him. They warned her that the tall, dark, and sexy black-ops soldier Jory Dean would try to win her over with his steel-gray eyes and deadly charm, but she won't be conned by this man they call a traitor. All she has to do is figure out the science necessary to save his life, and she's done. Something isn't adding up, though, and she won't rest until she uncovers the truth—even if it's buried in his deep, dangerous kiss. A passion she can't resist . . . Jory will do anything to reunite with and save his brothers—even kidnap the gorgeous woman who's working to deactivate the deadly chip in their spines. But the forces determined to destroy his family won't let them go so easily. Keeping Piper alive is more than he bargained for—and so is his burning desire for her. But with every second bringing him closer to certain death, can he afford to lose himself in her hot and willing embrace?

Modern Warfare Phillip Marcus 2009 Provides a guide to the video game that includes walkthroughs, character profiles, strategies, level maps, treasure checklists, fighting tactics, and weapon data.

Black Ops Nigel West 2020-08-04 Black Ops a thrilling compendium of undercover warfare from around the world. Here you will meet the most hardened soldiers and operatives facing extraordinary dangers deep behind enemy lines. The book features many amazing stories from World War II, such as the assassination of Holocaust architect Reinhard Heydrich by Britain's Special Operations Executive, which in 1940 received its mission from Churchill to "set Europe ablaze" in the battle against Nazi tyranny. Also told are the stories of Stalin's favourite spy; the little-known account of how Japanese military codes were cracked; and Operation Mincemeat, which led to the invasion of Sicily. Written by a leading military intelligence expert, Black Ops ranges across a century of remarkable clandestine operations. Starting with Hans Carl Lody, the first German spy during World War I, we also have the plot to assassinate Lenin; the origins of strategic deception; and the Cold War defection of Oleg Gordievsky from the Soviet Union. The book is brought right up to date with the plot to assassinate Osama bin Laden by Navy SEALs in 2011, and the attempted assassination of the Skripals in the UK in 2018, leading to fears that the world is on the brink of a new Cold War. A compelling anthology of spies, soldiers, mercenaries and assassins, Black Ops tells the secret history of 20th- and 21st-century warfare.

One True Patriot Sean Parnell 2020-09-01 Special operative Eric Steele must stop a foreign assassin targeting top-tier U.S. military personnel and derail a strike aimed at the heart of America in this third electrifying military thriller from the New York Times bestselling author of All Out War, perfect for fans of Brad Thor, Vince Flynn, and Tom Clancy Two months after taking down terrorist Aleksandr Zakayev, Eric Steele is back in action. Though he is completing his Alpha assignments with the same deadly efficiency as always, he has lingering questions about his missing father—and his own future in the Program. When Steele gets the alert that a fellow Alpha is in serious trouble, he rushes to Paris—only to arrive too late. Jonathan Raines, Stalker Six, is dead, the victim of a brutal attack. While on leave in the City of Light, Raines had met an attractive art historian who lured him into a trap. Before she vanished, the mysterious woman left a warning for anyone from the Alpha program who might follow her. One of the best and most effective warriors in the top-secret Program, Steele has been trained to take on enemies, and no threat will deter him from avenging a fallen brother. But the killer won't be easy to find. The search takes Steele around the world, from France, to the Adriatic coast of Italy, to the outskirts of Aleppo, Syria, and to a top-secret prison in Russia— where, unexpectedly, he finds more clues about his father—before finally taking him back to the streets of Washington, D.C. No one is safe while the killer is on the loose, and the danger is heightened when Steele discovers intel that killing Alphas is just the beginning of a larger, more nefarious plot. The real target is much, much bigger—and it's up to Steele to prevent catastrophe before he becomes the next elite warrior to fall.

US Special Ops Fred Pushies 2016-07 It's the inside scoop on US military special operations. From weapons, gear, missions, and commandos, learn every military secret from the eighteenth century to today. Few aspects of the US military pique people's interest more than special ops. Due to the clandestine nature of their missions, weapons, and gear, these elite fighting forces are cloaked in an aura of intrigue that has only ratcheted upward with the expanded roles they have assumed in today's world, not to mention their recent and frequent appearances in film, books, and other mass media. In US Special Ops, longtime military author and special-ops expert Fred Pushies takes on the entire scope of America's elite fighting forces, beginning with their earliest days. Pushies profiles hundreds of weapons, gear, vehicles, missions, and commandos, from eighteenth-century fighters like Francis Marion right up through the most advanced capabilities of today's Green Berets, Rangers, SEALs, Marine Force Recon, US Air Force combat controllers, CIA Special Activities Division, and more - well over 350 entries in all.

From the tomahawks used by Rogers's Rangers to special-ops legends like Col. Aaron Bank to Operation Neptune Spear and beyond, US Special Ops is a comprehensive, informative, and unique survey of all aspects of US special operations, past and present.

Suicide Mission (Thriller) William W. Johnstone 2013-10-01 An ex-CIA agent gathers a team of hardened convicts to infiltrate a terrorist training camp in this military thriller by the authors of Home Invasion. Former CIA agent and soldier of fortune "Wild Bill" Elliott thought he was done with impossible missions. But that was before a group of Islamic fanatics teamed up with a Mexican drug cartel to establish a terrorist training camp on America's southern border—and Elliott is tapped by the government to wipe out their base. To do this, Elliott recruits a squad of lifers plucked out of the US maximum security prisons—a terrifying collection of brutal killers, armed robbers, and savage felons. Whipping this ragtag bunch into an assault force capable of infiltrating the terrorist deathtrap will be the greatest challenge Elliott's ever faced. Getting them out alive? That could be an even bigger problem . . .

Brody's Vow Kaylea Cross 2016-07-25 A trained assassin on the run. Trinity Durant isn't accustomed to relying on anyone for help. She's the deadliest of all her Valkyrie sisters, getting up close and personal for her kills. But this time, it's different. When she's injured on a job, she has no one to turn to except the handsome stranger holding a weapon on her. Since she needs to escape the city, she reluctantly accepts his help. Too late she realizes that he poses the biggest danger to her of all, by making her question everything about her life—and threatening her jaded heart. A man unwilling to walk away. When HRT sniper team leader Brody Colebrook heads home on medical leave for a well-deserved break, the last thing he expects is to stumble upon a mysterious woman in danger. She may be a stranger to him, but she's a friend of his commander's and now that Brody knows she's in trouble, he can't just leave her to be hunted down and executed. The moment he puts her in his truck it places them both in the crosshairs of a killer bent on revenge. She might trust Brody to have her back, but he wants far more than that. He wants everything she has to give, and he'll do whatever it takes to get it.

Special Ops: Host and Network Security for Microsoft Unix and Oracle Syngress 2003-03-11 Special Ops: Internal Network Security Guide is the solution for the impossible 24-hour IT work day. By now, most companies have hardened their perimeters and locked out the "bad guys," but what has been done on the inside? This book attacks the problem of the soft, chewy center in internal networks. We use a two-pronged approach-Tactical and Strategic-to give readers a complete guide to internal penetration testing. Content includes the newest vulnerabilities and exploits, assessment methodologies, host review guides, secure baselines and case studies to bring it all together. We have scoured the Internet and assembled some of the best to function as Technical Specialists and Strategic Specialists. This creates a diversified project removing restrictive corporate boundaries. The unique style of this book will allow it to cover an incredibly broad range of topics in unparalleled detail. Chapters within the book will be written using the same concepts behind software development. Chapters will be treated like functions within programming code, allowing the authors to call on each other's data. These functions will supplement the methodology when specific technologies are examined thus reducing the common redundancies found in other security books. This book is designed to be the "one-stop shop" for security engineers who want all their information in one place. The technical nature of this may be too much for middle management; however technical managers can use the book to help them understand the challenges faced by the engineers who support their businesses. Ø Unprecedented Team of Security Luminaries. Led by Foundstone Principal Consultant, Erik Pace Birkholz, each of the contributing authors on this book is a recognized superstar in their respective fields. All are highly visible speakers and consultants and their frequent presentations at major industry events such as the Black Hat Briefings and the 29th Annual Computer Security Institute Show in November, 2002 will provide this book with a high-profile launch. Ø The only all-encompassing book on internal network security. Windows 2000, Windows XP, Solaris, Linux and Cisco IOS and their applications are usually running simultaneously in some form on most enterprise networks. Other books deal with these components individually, but no other book provides a comprehensive solution like Special Ops. This book's unique style will give the reader the value of 10 books in 1.

Kill Without Mercy Alexandra Ivy 2016-01-01 A Texas covert ops specialist hunts down a serial killer in this romantic suspense series opener by the New York Times–bestselling author of Don't Look. From the hellhole of a Taliban prison to sweet freedom, five brave military heroes have made it home—and they're ready to take on the civilian missions no one else can. Individually they're intimidating. Together they're invincible. They're the men of ARES Security. Rafe Vargas is only in Newton, Iowa, to clear out his late grandfather's small house. As the covert ops specialist for ARES Security, he's eager to get back to his new life in Texas. But when he crosses paths with Annie White, a haunted beauty with skeletons in her closet, he can't just walk away—not when she's clearly in danger . . . There's a mysterious serial killer on the loose with a link to Annie's dark past. And the closer he gets, the deeper Rafe's instinct to protect kicks in. But even with his considerable skill, Annie's courage, and his ARES buddies behind him, the slaying won't stop. Now it's only a matter of time before Annie's next—unless they can unravel a history of deadly lies that won't be buried. Praise for Kill Without Mercy "A fantastic blend of romance and suspense . . . thrilling to the end." —Mary Burton, USA Today–bestselling author "Prolific Ivy . . . introduces an intimidatingly hot set of protagonists for her new contemporary romantic thriller series." —Publishers Weekly "If you want an action packed, steamy and hard-hitting mystery with a number of unexpected twists, then pick up Kill Without Mercy and you will not be disappointed." —Fresh Fiction

The Jungle Book Rudyard Kipling 2008-12-11

Men of Danger Lora Leigh 2010-04-27 LORA LEIGH "Hannah's Luck" When burglars try to break into her home, kindergarten teacher Hannah Brookes is lucky to have Sheriff Rick Grayson on her side. Especially when their mutual attraction leads to distraction... RED GARNIER "Reckless" Police detective Zach Rivers isn't the only man in Phoenix who's obsessed with the beautiful Paige Avery-but he's definitely the sexiest and, quite possibly, the most dangerous... ALEXIS GRANT "Tempt Me" R&B star Anita has beauty, talent, fame-and her very own stalker-which is why she needs a professional bodyguard. But can she resist mixing business with pleasure when the hired muscle is to die for? LORIE O'CLARE "Love Me 'til Death" Homicide detective Ashley Jones hates working with the FBI. But Chase Reed is one special agent whose rule-breaking methods, razor-sharp mind, and rock-hard body make for one killer combination...

Paratextualizing Games Benjamin Beil 2021-11-30 Gaming no longer only takes place as a closed interactive experience in front of TV screens, but also as broadcast on streaming platforms or as cultural events in exhibition centers and e-sport arenas. The popularization of new technologies, forms of expression, and online services has had a considerable influence on the academic and journalistic discourse about games. This anthology examines which paratexts gaming cultures have produced - i.e., in which forms and formats and through which channels we talk (and write) about games - as well as the way in which paratexts influence the development of games. How is knowledge about games generated and shaped today and how do boundaries between (popular) criticism, journalism, and scholarship have started to blur? In short: How does the paratext change the text?

Deadly Descent Kaylea Cross 2016-02-15 Don't miss this fan-favorite, heart-pounding military romance from New York Times bestselling author Kaylea Cross. Devon Crawford is an officer; Air Force Pararescueman Cam Munro is enlisted. Dev flies medical evacuations; Cam jumps into danger zones to save lives. Dev wants to return home from Afghanistan with her heart untouched; Cam will do anything to win the woman he loves. Reaching for happiness in a war zone is the last thing Captain Devon Crawford plans, but she can't ignore the feelings she's hidden for so long. Cam's sexy charm and wicked kisses weaken her resistance, but she's too afraid of losing him to give in. When Dev's helicopter and crew are shot down and set up as bait by a notorious warlord, Cam risks all to save the team. What he doesn't know is that the trap is set for him... Previously published

What Have We Done? Mike Bailey 2009-12-12 A secret underground scientific facility, operated by global shadow governments, develops a creature capable of living and traveling in outer space. The purpose? To explore space for us and return to us with information on what they find. Unfortunately for us, the creatures learn to hate mankind, and they've just gotten loose. Now, small pockets of survivors must rebuild while learning to combat the most ferocious living thing ever known to man.

Call of Duty WWII: Field Manual Micky Neilson 2017-11-03 A wholly immersive in-world take on the blockbuster Call of Duty® series. Acclaimed for its immersive gameplay and thrilling storylines, Call of Duty® has captivated millions of players worldwide since the release of its first game in 2003. Call of Duty® WWII: Field Manual is an engrossing collector's item for fans of the series. Presented as an official combat-issued handbook that has been misplaced by its owner, the book pairs stunning original illustrations with an engaging narrative that showcases the statistics and history of the essential units, vehicles, weapons, and battlegrounds.

Computer Security William Stallings 2012 Computer Security: Principles and Practice, 2e, is ideal for courses in Computer/Network Security. In recent years, the need for education in computer security and related topics has grown dramatically – and is essential for anyone studying Computer Science or Computer Engineering. This is the only text available to provide integrated, comprehensive, up-to-date coverage of the broad range of topics in this subject. In addition to an extensive pedagogical program, the book provides unparalleled support for both research and modeling projects, giving students a broader perspective. The Text and Academic Authors Association named Computer Security: Principles and Practice, 1e, the winner of the Textbook Excellence Award for the best Computer Science textbook of 2008.

A Call to Duty William Post 2010-07 This novel is the third and final book of the life of James Raymond. He is asked by President Woodrow Wilson to return to the Greek island of Piros to request ships from his old friend, Petra Karpus, to help supply England and her allies in World War I. James accepts his mission and is off on another trek that brings his adopted brother, Billy Ryan, to Europe to share in the adventure. Many interesting characters are introduced in Europe. James' travel then takes him back to America where a series of adventures develop. One of these adventures takes him back to Cadiz, Spain where after this first visit there (featured in the previous book, The Miracle) he is known as Saint Jaime. This novel also brings back many of the characters from Table Mountain and the Murphy ranch where most of the central characters are brought to their conclusions. The last chapter brings James Raymond back to Table Mountain to a poignant ending. In many ways I think this is the most interesting book of the trilogy as a biographer is writing James' story and brings out untold stories of many of the original characters.

The Shellcoder's Handbook Chris Anley 2011-02-16 This much-anticipated revision, written by the ultimate group of top security experts in the world, features 40 percent new content on how to find security holes in any operating system or application New material addresses the many new exploitation techniques that have been discovered since the first edition, including attacking "unbreakable" software packages such as McAfee's Entercept, Mac OS X, XP, Office 2003, and Vista Also features the first-ever published information on exploiting Cisco's IOS, with content that has never before been explored The companion Web site features downloadable code files

Call of Duty 2019-06-11 The "Official Comic of Call of Duty®: Black Ops 4" collects all 10 issues of the series and introduces the iconic Specialists of the Black Ops Universe. In collaboration with Activision and Treyarch, it features stories from the minds of Greg Rucka, Chris Roberson, Jeremy Barlow, K.A. McDonald, Aaron Duran, Matthew Robinson, and Tony Shasteen.

Thrill Ride Julie Ann Walker 2013-04-02 A New York Times and USA Today Bestseller! "A first-rate thrill ride."—Publishers Weekly, Starred Review HE'S GONE ROGUE Ex-navy SEAL Rock Babineaux is as Cajun as they come—spicy, sexy, and more than a bit wicked. But would he actually betray his country? Even his best friends on the special-ops Black Knights team aren't sure they can trust him. Now the target of a massive manhunt, Rock knows the only way to protect the team—especially his partner, Vanessa—is to run... SHE WON'T BACK DOWN Rock might think he can outmaneuver them all, but he hasn't counted on how stubborn Vanessa Cordero can be. And she refuses to cut him loose. Sure, her partner has his secrets, but there's no one in the world she'd rather have by her side in a tight spot. Which is good because she and Rock are about to get very tight... Black Knights Inc. Series Hell on Wheels (Book 1) In Rides Trouble (Book 2) Rev It Up (Book 3) Thrill Ride (Book 4) Born Wild (Book 5) Hell for Leather (Book 6) Full Throttle (Book 7) Too Hard to Handle (Book 8) Wild Ride (Book 9 — coming April 2017!) Praise for Black Knights Inc. Series: "Julie Ann Walker is one of those authors to be put on a keeper shelf along with Nora Roberts, Suzanne Brockmann, and Allison Brennan."—Kirkus

Enhanced Interrogation James E. Mitchell (Psychologist) 2016 "The creator of the CIA's controversial Enhanced Interrogation Program provides a dramatic firsthand account of the design, implementation, flaws and aftermath of the program, including personally interrogating 9/11 mastermind Khalid Sheikh Mohammed and learning from America's enemies what we need to know to win the continuing struggle against global jihad"--

Leave No Man Behind Tony Brooks 2021-08-10 A story of courage, perseverance, and patriotism behind the 75th Ranger Regiment's rescue mission following one of the deadliest Special Ops incidents in Afghanistan—a grueling search for twelve Navy SEAL casualties and eight downed Night Stalkers . . . but just one lone survivor On June 28th, 2005, a four-man Navy SEAL reconnaissance team under Operation Red Wings was ambushed in northeastern Afghanistan—as depicted in the book and film Lone Survivor. A quick reaction force was dispatched. Turbine 33, carrying eight Navy SEALs and eight members of the 160th Special Operations Aviation Regiment, was struck by a rocket propelled grenade—careening the dual rotor Chinook toward the rugged peak of Sawtalo Sar. The result was the single deadliest incident in Special Operations history at the time. Commanders called on the largest element of US Special Forces, the 75th Ranger Regiment. The rescue mission: Operation Red Wings II. Author Tony Brooks gives a first-hand account of the daring recovery of Turbine 33 and the subsequent search for the remaining compromised Navy SEAL recon team—one of whom was Marcus Luttrell, the lone survivor. The Rangers were up against lack of intel, treacherous terrain, violent weather, and an enemy that was raised to fight. Tony Brooks lived—and many of his fellow Rangers died—by the axiom, “Leave No Man Behind.” He is the first to tell the story other books and films have omitted, one of overcoming overwhelming odds to accomplish a mission: to bring every American soldier home.

Dissolution of the Veil P.C. Gebo 2000-02-04 Dr. Paul Noar, an Tri-Consortium Prize Recipient for Advance Research in Recombination, and Dr. Lea Weathers, a young and brilliant biogeneticist, embark on a search for the answer to DNA abnormalities found in recent victims of suicide. Noar, unknown to Weathers, has uncovered the catalyst for the genetic changes that have lead to this growing trend. After years of examining declassified government files, he discovers a small-scale biological experiment with cataclysmic potential. He has enlisted her help to verify his findings. What Weathers believes to be a widespread mutation is actually the result of a unique, multigenerational study, that has culminated in the dissolution of the veil between the conscious and subconscious minds of a limited number of targets. Veil Theory, nontraditional scientific speculation on the relationship between the conscious and subconscious mind, is thrown into the mainstream when the offspring of the victims begin to display prescience. Unfortunately, the money behind the madness belongs to two powerful men determined to own what could be the key to immortality. Neland Gatti, past Desert Storm and Desert Fog consultant, directs the lab used by Noar in his investigation into discarded government research. Gatti plays the end game and values only the outcomes he can command. A cold and calculating chemist, he seizes the opportunity to have the government fund his research by promising the delivery of a new chemical tool for its use. He has not been able to repeat past successes and this early pinnacle drives him over the edge in his attempt to achieve control of time through his most recent find, the Alys-1 Project. Cameron Brooks is owner of the Brooks Agency and son of the late Marion Brooks. His fathers company developed the original Alys-1 formula for the Department of Defense. It was shelved in favor of LSD and mind-control. Thirty years later, Noar uncovers documents relating to the experiment and Cameron Brooks takes notice, as does Gatti. But Brooks has the edge. He is also in possession of a list of children, offspring of the original test group who have begun to mutate and die. Over the years he has manipulated the lives of three of these children. A perverse soul, his twisted personality has created sadistic killers of twin boys, soon to be affected by the mutation. They do his bidding as he directs the actions and discoveries of Noar. Within six months of her enlistment, Weathers discovers Noars secret files. She learns that Gatti has given Noar false information and tainted his findings. When she reveals this to Noar, in the presence of Gatti, Noar is exposed. He must escape the secret base, where the experimentation has been conducted, and flee to Cameron Brooks. Dissolution of the Veil becomes a race to find the true formula, and understand its veridical potential before the mutations bend their hosts toward suicide. It is a competition confused by altered time and displaced reality as the victim experiences past identities and fluid futures. Veil Theory has become a dangerous fact which threatens the structure of society and the stability of the world. The author.

Research and Development in the U.S. Army Corps of Engineers Damon Manders 2011

The Woman Left Behind Linda Howard 2018-03-06 Jina Modell works in Communications for a paramilitary organization, and she really likes it. She likes the money, she likes the coolness factor—and it is very cool, even for Washington, D.C. She likes being able to kick terrorist butts without ever leaving the climate-controlled comfort of the control room... But when Jina displays a really high aptitude for spatial awareness and action, she's reassigned to work as an on-site drone operator in the field with one of the GO-Teams, an elite paramilitary unit. The only problem is that she isn't particularly athletic, to put it mildly, and in order to be fit for the field, she has to learn how to run and swim for miles, jump out of a plane, shoot a gun . . . or else she'll be out of a job. Team leader Levi, call sign Ace, doesn't have much confidence in Jina—whom he dubbed Babe as soon as he heard her raspy, sexy voice—making it through the rigors of training. The last thing he needs is some tech geek holding them back from completing a dangerous, covert operation. In the following months, however, no one is more surprised than he when Babe, who hates to sweat, begins to thrive in her new environment, displaying a grit and courage that wins her the admiration of her hardened, battle-worn teammates. What's even more surprising is that the usually very disciplined GO-Team leader can't stop thinking about kissing her smart, stubborn mouth . . . or the building chemistry and tension between them. Meanwhile, a powerful congresswoman is working behind the scenes to destroy the GO-Teams, and a trap is set to ambush Levi's squad in Syria. While the rest of the operatives set off on their mission, Jina remains at the base to control the surveillance drone, and the base is suddenly attacked with explosives. Thought dead by her comrades, Jina escapes to the desert where, brutally tested beyond measure, she has to figure out how to stay undetected by the enemy and make it to her crew before they're exfiltrated from the country. But Levi never leaves a soldier behind, especially the brave woman he's fallen for. He's bringing back the woman they left behind, dead or alive.

Call of Duty BradyGames 2012 It's back and it's bigger and more brutal than ever before. There's no better way to navigate the futuristic wars and wastelands of Call of Duty Black Ops II than with the Call of Duty Black Ops II Signature Series Guide from BradyGames. Travelling to the near future for the first time in the franchise's history, and with expanded multiplayer gameplay and high-tech weapons, as well as the ever popular Zombie mode, Call of Duty Black Ops II is an unstoppable force. The complete campaign walkthrough takes you from start to finish of the single-player storylines, with detail on every mission and enemy encounter. Multiplayer coverage is full of expert tactics, for either solo or team-based play. You'll be dominating every game mode - learn about achieving higher ranks, the weapons, attachments, perks, challenges and killstreaks. Failure is not an option. Amazing artwork makes this a real collector's item for any Call of Duty fan, and exclusive, highly detailed maps show you how to get around all of the single and multi-player terrains. A full arsenal guide tells you what you need to know about each weapon and its stats; achievement and trophy rosters reveal how to earn awards and unlock secret features and items.

Can't Hurt Me David Goggins 2021-04-01 New York Times Bestseller Over 2.5 million copies sold For David Goggins, childhood was a nightmare - poverty, prejudice, and physical abuse colored his days and haunted his nights. But through self-discipline, mental toughness, and hard work, Goggins transformed himself from a depressed, overweight young man with no future into a U.S. Armed Forces icon and one of the world's top endurance athletes. The only man in history to complete elite training as a Navy SEAL, Army Ranger, and Air Force Tactical Air Controller, he went on to set records in numerous endurance events, inspiring Outside magazine to name him The Fittest (Real) Man in America. In this curse-word-free edition of Can't Hurt Me, he shares his astonishing life story and reveals that most of us tap into only 40% of our capabilities. Goggins calls this The 40% Rule, and his story illuminates a path that anyone can follow to push past pain, demolish fear, and reach their full potential.
