The Bayside Murders John A. Miller Jr. 2013-08-10 Cape Cod is magical at any time of year. However, many permanent residents, including sisters Rachel and Beth Brewster, find it hard to make ends meet during the cold, lonely winter months, which is why they must work extra-long hours at multiple jobs all through the short summer season to save enough for the rest of the year. To complicate matters, Beth is only fifteen and is restricted as to how many hours she can work during the school year. It wouldn't be so bad if their mother weren't an alcoholic who absolutely refuses to help with the bills. Then the dead bodies begin cropping up in the neighborhoods and marshes surrounding scenic Lewis Bay. The Yarmouth and Barnstable Police begin to see a pattern linking both Rachel and Beth to the murders, but they can't seem to assemble enough proof to make an arrest. Meanwhile, a regular patron of a bar where Rachel frequently works in the evening provides some help in the young woman's search for a better-paying job, and life becomes hell for Beth as she is stalked by several teenage boys who have their own ideas about what constitutes a loving relationship.

The Psychic Life of Power Judith Butler 1997 Judith Butler's new book considers the way in which psychic life is generated by the social operation of power, and how that social operation of power is concealed and fortified by the psyche that it produces. It combines social theory, philosophy, and psychoanalysis in novel ways, and offers a more sustained analysis of the theory of subject formation implicit in her previous books.

Psychics, Sensitives and Somnambules Rodger I. Anderson 2015-01-27 Claimants of paranormal abilities have always attracted controversy and fascination, and sometimes rigorous study by scientists. Charles Bailey, an Australian medium, was seemingly able to materialize different objects—animate and inanimate—under conditions which made it difficult to conceive how they could have been normally produced. Sumitra Singh, a woman of Northern India who in 1984 became subject to epileptic-type seizures, claimed to be possessed by spirits of the dead. Franck Kluski was a Polish poet, banker and physical medium who specialized in both human and animal materializations. This biographical dictionary contains profiles of 330 psychics worldwide from Tony Agpaoa to

Elenor Zugun, each accompanied by a bibliography listing the primary sources consulted. The primary focus is on those claimed psychics who have figured prominently in the history of the subject, though some lesser-known figures are included to show how rich, varied, and colorful that history has been. The aim throughout is to present each case as fairly and dispassionately as the facts allow, with a particular eye for accuracy in details and presentation. The approach is historical, not apologetic or accusatory, making the work ideally suited as a permanent reference.

_____ (From the Playboy interview with Jay-Z, April 2003) PLAYBOY: Rap careers are usually over fast: one or two hits, then styles change and a new guy comes along. Why have you endured while other rappers haven't? JAY-Z: I would say that it's from still being able to relate to people. It's natural to lose yourself when you have success, to start surrounding yourself with fake people. In *The 48 Laws of Power*, it says the worst thing you can do is build a fortress around yourself. I still got the people who grew up with me, my cousin and my childhood friends. This guy right here (gestures to the studio manager), he's my friend, and he told me that one of my records, *Volume Three*, was wack. People set higher standards for me, and I love it.

Ripple Jim Cosgrove 2022-04-05 "Riveting... a personal and highly original work of true-crime storytelling." — John Douglas, former FBI criminal profiling pioneer and co-author of the #1 New York Times bestseller *Mindhunter* A chilling investigation into the unsolved "boy in the woods" murder; journalist Jim Cosgrove chronicles his decades-long struggle to uncover the truth of a family friend's disappearance and death — perfect for fans of *I'll Be Gone in the Dark* and *Memorial Drive*. For nine years, South Carolina officials struggled to identify "the boy in the woods," a young man whose body had been discovered just south of Myrtle Beach in a fishing village called Murrells Inlet. Meanwhile, 1,200 miles away in Kansas City, Missouri, Frank McGonigle's family searched for him at Grateful Dead concerts and in the face of every long-haired hitchhiker they passed. Consumed by guilt for how they'd treated him, Frank's eight siblings slowly came to understand that — like Jerry Garcia sang — he's gone and nothin's gonna bring him back. Frank McGonigle was finally found — and identified as "the boy in the woods." Four years later, the case still unsolved, Jim Cosgrove, a McGonigle family friend and investigative journalist, picked up the trail of Frank's cold case and began uncovering connections to a ruthless local crime boss and blunders by the threadbare sheriff's department. When his research began to stall, a chance meeting with the soft-hearted, straight-talking "energy reader" Carol Williams provided a metaphysical spark that reignited Jim's resolve. Although his work as a journalist trained him to be skeptical, Cosgrove found himself starting to become a believer when Carol provided details about Frank's murder that turned out to be freakishly accurate. In 2019, Cosgrove returned to Murrells Inlet with one of Frank's brothers to dredge up some old leads and settle Frank's case once and for all...

We Keep the Dead Close Becky Cooper 2020-11-10 FINALIST FOR THE J. ANTHONY LUKAS BOOK PRIZE NATIONAL BESTSELLER Named One of The Best Books of 2020 by NPR's Fresh Air * Publishers Weekly * Marie Claire * Redbook * Vogue * Kirkus Reviews * Book Riot * Bustle A Recommended Book by The New York Times * The Washington Post * Publisher's Weekly * Kirkus

Reviews* Booklist * The Boston Globe * Goodreads * Buzzfeed * Town & Country * Refinery29 * BookRiot * CrimeReads * Glamour * Popsugar * PureWow * Shondaland Dive into a "tour de force of investigative reporting" (Ron Chernow): a "searching, atmospheric and ultimately entrancing" (Patrick Radden Keefe) true crime narrative of an unsolved 1969 murder at Harvard and an "exhilarating and seductive" (Ariel Levy) narrative of obsession and love for a girl who dreamt of rising among men. You have to remember, he reminded me, that Harvard is older than the U.S. government. You have to remember because Harvard doesn't let you forget. 1969: the height of counterculture and the year universities would seek to curb the unruly spectacle of student protest; the winter that Harvard University would begin the tumultuous process of merging with Radcliffe, its all-female sister school; and the year that Jane Britton, an ambitious twenty-three-year-old graduate student in Harvard's Anthropology Department and daughter of Radcliffe Vice President J. Boyd Britton, would be found bludgeoned to death in her Cambridge, Massachusetts apartment. Forty years later, Becky Cooper a curious undergrad, will hear the first whispers of the story. In the first telling the body was nameless. The story was this: a Harvard student had had an affair with her professor, and the professor had murdered her in the Peabody Museum of Archaeology and Ethnology because she'd threatened to talk about the affair. Though the rumor proves false, the story that unfolds, one that Cooper will follow for ten years, is even more complex: a tale of gender inequality in academia, a 'cowboy culture' among empowered male elites, the silencing effect of institutions, and our compulsion to rewrite the stories of female victims. *We Keep the Dead Close* is a memoir of mirrors, misogyny, and murder. It is at once a rumination on the violence and oppression that rules our revered institutions, a ghost story reflecting one young woman's past onto another's present, and a love story for a girl who was lost to history.

Never Buried Edie Claire 2011-12-05 First in the USA-Today bestselling Leigh Koslow Mystery Series! "A funny, fast-paced, clever, and unusual mystery that will have readers clamoring for more. Sheer delight." --Carolyn Hart The truth about what happened in 1949 went to Paul Fischer's grave... Too bad his body didn't! Advertising copywriter Leigh Koslow doesn't pack heat -- just a few extra pounds. And she doesn't go looking for trouble. When she moved into her cousin Cara's refurbished Victorian house, she wasn't planning on discovering a corpse -- certainly not one that had been embalmed ten years before. But as anyone in the small Pittsburgh borough of Avalon could tell her, her cousin's house has a history attached. A history dating back to two mysterious deaths in the summer of 1949. Someone wants Leigh and Cara out of the house -- someone who has something to hide. But that someone doesn't know Leigh's impetuous cousin, and when Cara digs her heels in, Leigh looks to her old college chum, local policewoman Maura Polanski, for help. But the answers the trio find only point to more questions. Were the scandalous deaths of fifty years ago really an accident and a suicide? Or were they murder? The nearer the women get to the truth, the more desperate someone becomes. Because some secrets are better off kept. Especially when they hit close to home! "A thoroughly delightful debut. There Are No Dead Here Maria McFarland Sánchez-Moreno 2018-02-27 The bloody story of the rise of paramilitaries in Colombia, told through three characters--a fearless activist, a dogged journalist, and a relentless investigator--whose lives intersected in the midst of unspeakable terror. Colombia's drug-fueled cycle of terror, corruption, and tragedy did not end with Pablo Escobar's death in 1993. Just when Colombians were ready to move past the murderous legacy of the country's cartels, a new, bloody chapter unfolded. In the late 1990s, right-wing paramilitary groups with close ties to the cocaine business carried out a violent expansion campaign, massacring, raping, and torturing thousands. *There Are No Dead Here* is the harrowing story of three ordinary Colombians who risked everything to reveal the collusion between the new mafia and much of the country's military and political establishment: Jesús María Valle, a human rights activist who was murdered for exposing a dark secret; Iván Velásquez, a quiet prosecutor who took up Valle's cause and became an unlikely hero; and Ricardo Calderón, a dogged journalist who is still being targeted for his revelations. Their groundbreaking investigations landed a third of the country's Congress in prison and fed new demands for justice and peace that Colombia's leaders could not ignore. Taking readers from the sweltering Medellín streets where criminal investigators were hunted by assassins, through the countryside where paramilitaries wiped out entire towns, and into the corridors of the presidential palace in Bogotá, *There Are No Dead Here* is an unforgettable portrait of the valiant men and women who dared to stand up to the tide of greed, rage, and bloodlust that threatened to engulf their country.

Marked for Death Brian J. Karem 2009-10-13 A seasoned investigative reporter takes us behind the scenes of one of the most shocking cases in California history when a greedy and seductive wife brutally murders her devoted husband. Tavia Williams thought her new stepmother was sweet and charming. Tavia, just a few years younger than 36-year-old Elisa McNabney, was very happy for her father, 53-year-old Larry McNabney. Larry was a horse enthusiast, successful attorney, a pillar of the community, and was loved and admired by everyone he knew. For six years of marriage, Larry and Elisa spent their spare time on the country club and horse racing circuit. It was a perfect life, but it went perfectly wrong. On September 10, 2001, Larry attended a horse show. No one has seen him alive since. Months after his disappearance, police finally put out a missing persons report. They soon found out that Elisa McNabney was not the person she had claimed to be. A fugitive on the run, Elisa was a con woman who had enlisted the help of a girlfriend to slowly poison her loving husband with horse tranquilizers, in the name of pure greed. Larry was found buried in a vineyard, after Elisa kept his corpse in her deep freezer for months. The only thing more appalling than the horrific murder was the shocking manhunt that followed and the end to this tragic story of

deception, murder, and deadly seduction.
