Spectras Arise Omnibus: Box Set Tammy Salyer 2015-02-05 A SOLDIER’S CONTRACT NEVER TERMINATES. In a few hundred years, the Algol system becomes humanity’s new home. The question is: Is it a better one? CONTRACT OF DEFIANCE, CONTRACT OF BETRAYAL, and CONTRACT OF WAR follow former Corpsmember Aly Erikson and her crew of anti-Admin smugglers through ever-escalating life-and-death adventures and the trials of a living on the side of liberty and freedom—whether they agree with the law or not. Most are no strangers to fighting and dissent, but more than anything, they want to spend their lives flying under the radar without control or interference from the system’s central government, The Political and Capital Administration of the Advanced Worlds, aka, the Admin. But the Admin's greed-drenched dualism of power and corruption has other plans, and throughout the series, Aly and her crew are reminded of one lesson time and again: when all other options run out, never let go of your gun. INCLUDES BONUS PREQUEL NOVELLA: CONVICTION TRUSTING OTHERS IS YOUR FIRST MISTAKE. If Tech Sergeant Erikson plans to survive another day, she’ll have to give up everything: her identity, her rank, her beloved Corps, and most of all, her so-called honor. Haunted by the ghosts of outclassed and outgunned rebels her squad was ordered to eliminate, Erikson struggles to maintain her military bearing—until even that is ripped away in an act of domestic terrorism that sends her on the run on a hostile planet. Her turn to be outclassed and outgunned, under attack from the scavengers who plague the system, and out of options, she and two more Corps survivors must find a way to trust each other or their chances for survival are less than zero. And for one of them, chances can be improved with one simple act: betrayal. In this prequel to the popular Spectras Arise Trilogy, readers get an intimate look into the events that led Aly and David Erikson on their path from decorated and dedicated soldiers to black-market arms smugglers, and ultimately, to rebels against the Political and Capital Administration of the Advanced Worlds. What people saying about the Spectras Arise Series “A fast-paced and fun sci-fi space adventure with a great protagonist... starts with a running gun fight and doesn't let up until the explosive conclusion.” “Top Notch SciFi Read!” “I'm torn between wanting to savor every exciting moment of this gorgeously written series or binge-read to find out what happens next.” “Thrilling, Roller-Coaster Ride of Military Sci-Fi Adventure” “Contains the kind of action that makes it hard to turn off the light and go to sleep.”

Old House Interiors National architectural magazine now in its fifteenth year, covering period-inspired design 1700–1950. Commissioned photographs show real homes, inspired by the past but livable. Historical and interpretive rooms are included; new construction, additions, and new kitchens and baths take their place along with restoration work. A feature on furniture appears in every issue. Product coverage is extensive. Experts offer advice for homeowners and designers on finishing, decorating, and furnishing period homes of every era. A garden feature, essays, archival material, events and exhibitions, and book reviews round out the editorial. Many readers claim the beautiful advertising—all of it design-related, no “lifestyle” ads—is as important to them as the articles.

The Ancient Girl in the Autopod Cameron Cooper 2022-08-04 Serials can't feel emotions as humans do. Or so Ptolemy Jovan Lane has always insisted. Yet when he learns that an old friend, Marija, might still be alive, he leaves an unsolved murder behind him in order to dash across the fringes to find her, bringing his human assistant, Ninety-Nine, with him. His intention is purely to learn the truth, but his impetuous mission goes swiftly and spectacularly awry, leaving Ninety-Nine and him cut off and at the mercy of an enemy Jovan didn't know he had. The Ancient Girl in the Autopod is the fourth story and the first full novel in the Ptolemy Lane space opera science fiction series by award-winning SF author Cameron Cooper. The Ptolemy Lane Tales: 1.0: The Body in the Zero Gee Brothel 2.0: The Captain Who Broke the Rules 3.0: The Maker of Widowmakers' Arm 4.0: The Ancient Girl in the Autopod Space Opera Science Fiction Novel __ Praise for the Ptolemy Lane Tales: Hard-boiled detective meets Mos Eisley cantina I was pleasantly surprised by the depth of the world building. A lot of potential for rich, nuanced story telling in this world. I look forward to seeing more of Ptolemy Lane and others from his world! I felt like I was in a black and white sci-fi avant-garde movie. Humphrey Bogart is in the background somewhere, smoking a Camel cigarette, or maybe a future Sherlock Holmes. I have truly enjoyed Cameron's other books, but this one is so very different from all the rest. Ptolemy Lane is one of the most unique characters I've seen in awhile! Very interesting, beautifully written, complex story. Very interesting and imaginative, it's like Cameron has already been there and lived that! Original and entertaining. Snappy action with unpredictable characters in a captivating world! I love this series and can't wait for the next installment Lane is utterly complex and leaves the reader wanting more. I actually felt bad for how Ptolemy Lane started his day This is such a clever story! A complex world which is presented with mystery , intrigue and entertainment I find Ninety-Nine a most interesting character __ Cameron Cooper is the author of the Imperial Hammer series, an Amazon best-selling space opera series. Cameron tends to write space opera short stories and novels, but also roams across the science fiction landscape. Cameron was raised on a steady diet of Asimov, Heinlein, Herbert, McCaffrey, and others. Peter F. Hamilton, John Scalzi, Martha Wells and Cory Doctorow are contemporary heroes. An Australian Canadian, Cam lives near the Canadian Rockies.

This box set includes: HER PATH TO REDEMPTION By Patrice Lewis Returning to the Amish community she left during her rumspringa, widowed mother Eliza Struder's determined to redeem the wild reputation of her youth. But one woman stands between her and acceptance into the church—the mother of the man she left behind. Can she convince the community—and Josiah Lapp—to give her a second chance? A FUTURE TO FIGHT FOR (A Bliss, Texas novel) By Mindy Obenhaus Single father Crockett Devereaux and widow Paisley Wainwright can't get through a church-committee meeting without arguing—and now they have to work together to turn a local castle into a museum and wedding venue. But first they must put their differences aside...and realize they make the perfect team. FINDING HER COURAGE By Christine Raymond Inheriting part of a ranch is an answer to prayers for struggling widow Camille Bellamy and her little girl—except Ty Spencer was left the rest of it. They strike a bargain: he'll agree to sell the ranch if she helps plan an event that could keep his business afloat. But can their arrangement stay strictly professional? For more stories filled with love and faith, look for Love Inspired August 2021 Box Set – 1 of 2

TAXYON SPACE TRIAD: BOX SET OF BOOKS 1 - 3 Aurora Springer Science Fiction Thriller and Alien Romance Daredevil scientist and scarred alien forge a perilous alliance in the seas of Jupiter's moon, Europa, and propel humans to the stars. Book 1: EUROPA Book 2: RISHALT Book 3: JUPITER Reviewers say: "The author has created a tapestry that excites the readers senses, and inflames the imagination." "packed with vivid imagery of Jupiter's moon, Europa, and its oceans teeming with life." "Plenty of complex twists and turns." Book 1, EUROPA What alien creatures lurk under the icy surface of Europa? Dr. Nikki Bell's plan to discover intelligent life in the oceans of Jupiter's moon hits a rocky start when her spaceship crashes on the icy surface of Europa. Seconds before she blacks out, she spies a man's face in the water beneath the ice. When she wakes on the submarine Station, nobody believes her story. Convinced the mysterious stranger saved her life, Nikki searches for him while she explores the ocean and its alien inhabitants. Kiron Arqin Ramis chose exile as a Watcher on a remote outpost to redeem his family's honor. He never expected to find an attractive Earther woman close to death. He violates the prime policy by rescuing her. Despite suffering the penalty, he strives to warn her about his hostile leaders. Nikki's unexpected meeting with Kiron triggers a chain of disasters in Europa's perilous oceans. Can the daredevil scientist and scarred Watcher forge a new alliance despite their people's antagonism? Book 2, RISHALT Two alien worlds. Two lovers torn apart. Twist the hyperthreads into unity. Dr. Nikki Bell is devastated when the Watchers reappear without her alien lover. Why did he return to his home planet without even leaving a message? In search of answers, Nikki jumps at the chance to join the diplomatic team invited to visit the aliens' home world. On Rishalt, she must contend with the intricacies of Warrish society and an undercurrent of hostility. Kiron Arqin Ramis is summoned home by his family to the unwanted honor of a new triad and union with a high-ranked female. Unable to forget Nikki, he endures a perilous exile on a wilderness planet instead of complying with his family's demands. But, the Triarchs have other plans for him. Stakes are higher than the lives of two individuals. Earth leaders are desperate to acquire the alien interstellar technology, while Warrish dispute the benefit of an alliance with inferiors. Can Nikki and Kiron pierce the barriers separating them to find happiness with provoking an unequal war? Book 3, JUPITER A simple hop across hyperspace turns deadly, smashing hopes for a human-Warrish alliance. Nikki and Kiron Ramis Bell are studying the marine life of Rishalt when they are summoned for an audience with the Prime. Tol-Jadel sets them the task of investigating a hyperspace perturbation near Jupiter. This anomaly threatens to sever the routes connecting Earth and Rishalt. They must return to the ocean of Europa to identify the cause of the disruption. But, tensions are rising between Warrish Watchers and the humans on Galileo Station, and Earth's governments are squabbling over the proposed alliance with the aliens. Can Nikki and Kiron erase the obstacle before their home planets are separated forever? Science fiction thriller and romance; space exploration; colonization; aliens from extrasolar planet; first contact with aliens on Jupiter's moon, Europa; mystery and adventure. The adventures of Taxyon Space continue in Book 4: Alarik, and Book 5: Baswin. Sci-fi, alien contact, exoplanets, adventures in space, near future, hyperspace, solar system, mystery

Experiments in Anti-Social Behaviour David Canter 2020-11-17 For a practical, hands-on approach to learning forensic psychology, Experiments in Anti-Social Behaviour: Ten Studies for Students presents a collection of unique projects for students that illustrate the many ways research into anti-social behaviour can be conducted whilst also highlighting social psychological aspects of

criminality. Drawing on over half a century of supervising many hundreds of projects at high school, undergraduate, master's, and doctoral levels, David Canter provides well-grounded and detailed guidance for students on how to execute a range of different research studies through several psychological approaches, including quantitative cognitive studies, qualitative discourse analysis, and social identity theory. After introducing the ethical and practical challenges of studying crime and criminality, *Experiments in Anti-Social Behaviour* outlines broad approaches to research. This is followed by ten practical studies for students to carry out in order to engage directly with experimental research. These studies cover experiments, surveys, and case studies, and include a controlled examination of how easy it is to forge a signature, descriptions of experiments trying to detect deception, and an exploration of what is involved in linking actions in a serial killer's crimes to his characteristics. Both engaging and interactive, *Experiments in Anti-Social Behaviour* is an invaluable resource for instructors and students from colleges and universities around the world in many different fields, such as psychology, criminology, and socio-legal studies. It will also be of interest to all those who want to know more about the psychology of crime and criminality.

Popular Science 1968-03 Popular Science gives our readers the information and tools to improve their technology and their world.
