Joan Anne R. Bailey 2018-01-02 Love, turmoil, and war.... This is the story of Joan de Geneville, wife to one of England's most infamous traitors: Roger Mortimer. After the death of her father in 1292, Joan becomes one of the greatest English heiresses of her generation. In a time when women are subservient, she is raised by her mother to command. Educated by her tutors, she becomes a formidable woman in her own right. When Joan is married her husband's lust for power knows no bounds. She is forced to choose between her duty to her King and her loyalty to her husband. Book One of the Forgotten Women of History Series
Phantom Lady Christina Lane 2020-02-04 Winner of the Mystery Writers of America's 2021 Edgar Allan Poe Award for Best Critical/Biographical In 1933, Joan Harrison was a twenty-six-year-old former salesgirl with a dream of escaping both her stodgy London suburb and the dreadful prospect of settling down with one of the local boys. A few short years later, she was Alfred Hitchcock's confidante and one of the Oscar-nominated screenwriters of his first American film, *Rebecca*. Harrison had quickly grown from being the worst secretary Hitchcock ever had to one of his closest collaborators, critically shaping his brand as the "Master of Suspense." Harrison went on to produce numerous Hollywood features before becoming a television pioneer as the producer of Alfred Hitchcock Presents. A respected powerhouse, she acquired a singular reputation for running amazingly smooth productions— and defying anyone who posed an obstacle. She built most of her films and series from the ground up. She waged rough-and-tumble battles against executives and censors, and even helped to break the Hollywood blacklist. She teamed up with many of the most respected, well-known directors, writers, and actors of the twentieth century. And she did it all on her own terms. Author Christina Lane shows how this stylish, stunning woman became Hollywood's most powerful female writer-producer—one whom history has since overlooked.

100 More Canadian Heroines Merna Forster 2011-09-07 Following the bestselling 100 Canadian Heroines, Merna Forster presents 100 more stories of amazing women who changed our country. In this second installment of the bestselling Canadian Heroines series, author Merna Forster brings together 100 more incredible stories of great characters and wonderful images. Meet famous and forgotten women in fields such as science, sport, politics, war and peace, and arts and entertainment, including the original Degrassi kids, Captain Kool, hockey star Hilda Ranscombe, and the woman dubbed "the atomic mosquito." This book is full of amazing facts and trivia about extraordinary women. You'll learn about Second World War heroine Joan Fletcher Bamford, who rescued 2,000 Dutch captives from a prison camp in a Sumatran jungle while commanding 70 Japanese soldiers. Hilwie Hamdon was the woman behind the building of Canada's first mosque, and Frances Gertrude McGill was the crime fighter named the "Sherlock Holmes of Saskatchewan." Read on and discover 100 more Canadian heroines and how they've changed our country.

Fortuna's Queen Anne R Bailey 2020-04-21 "We were a doomed race. With our bloodstained hands we conquered, we loved and we fell."Thessaloniki lived in a time when Alexander the Great was racing across the known world conquering all in his path. She was his half-sister living the privileged life of a Macedonian Princess. Under the protective eye of Olympias she learned to see everyone as an enemy. Then a Thracian soldier opened her heart to a new world: love. She had always lived by a set of strict rules: never disobey, and trust no one. For him she had been willing to throw caution to the wind but there is no happily ever after in this cruel world. Then Alexander perishes. Suddenly, she finds herself thrust forward onto the political stage as those around her struggle for power. In a world, where loyalty is for sale, and words are empty promises, she must find a way to survive - even if that means turning to her enemies. Navigating the narrow straits of desire and duty, her very life hangs in the balance as she tries to find the strength buried within her. Fact and fiction weave together to create the story of a woman overshadowed by her father, brother and finally, her husband. This is the tragic tale of a forgotten Princess who becomes a Queen trapped on fortune's wheel - destined to rise and fall. Book Two of the Forgotten Women of History Series

Gender and the Politics of History Joan Wallach Scott 2018-01-23 This landmark work from a renowned feminist historian is a foundational demonstration of the uses of gender as a conceptual tool for cultural and historical analysis. Joan Wallach Scott offers a trenchant critique of the compartmentalization of women's history, arguing that political and social categories are always fundamentally shaped by gender and that questions of gender are essential to considerations of difference in history. Exploring topics ranging from language and class to the politics of work and family, *Gender and the Politics of History* is a vital contribution to feminist history and historical methodology that also speaks more broadly to the ongoing redefinition of gender in our political and cultural vocabularies. This anniversary edition of a classic text in feminist theory and history shows the evergreen relevance of Scott's work to the humanities and social sciences. In a new preface, Scott reflects on the book's legacy and implications for contemporary politics as well as what she has reconsidered as a result of her engagement with psychoanalytic theory. The book also includes a previously unpublished essay, "The Conundrum of Equality," which takes up issues concerning affirmative action.

Forgotten Women: The Leaders Zing Tsjeng 2018-03-08 'To say this series is "empowering" doesn't do it justice. Buy a copy for your daughters, sisters, mums, aunts and nieces - just make sure you buy a copy for your sons, brothers, dads, uncles and nephews, too.' - indy100 'Here's to no more forgotten women.' Evening Standard The women who shaped and were erased from our history. The Forgotten Women series will uncover the lost histories of the influential women who have refused over hundreds of years to accept the hand they've been dealt and, as a result, have formed, shaped and changed the course of our futures. The Leaders weaves together 48* unforgettable portraits of the true pioneers and leaders who made huge yet unacknowledged contributions to history, including: Grace O'Malley, the 16th century Irish pirate queen Sylvia Rivera, who spearheaded the modern transgender rights movement Agent 355, the unknown rebel spy who played a pivotal role in the American Revolution Noor Inayat Khan, who went undercover to spy for the French Resistance and became Nazi enemy no. 1 Amina of Zazzau, the formidable ancient Muslim warrior queen of Northern Nigeria Chapters including Rebels; Warriors; Rulers; Activists and Reformers shine a spotlight on the rebellious women who defied the odds, and the opposition, to change the world around them. *The number of Nobel-prize-winning women.

Why History Matters Gerda Lerner 1998 Looks at the philosophical foundations for the teaching of history, and shares the teaching experiences of the author.

The Feminine Intention Dawn Todd 2014-01-03 It seems that women have powerfully moved into the masculine way of achievement in order to fit in and to be taken seriously. Now a shift is going on -- a swing back to the feminine -- and the feminine energy is coming back to dominance as it reaches out for balance. As women, we often judge ourselves and our success on an old, outdated version of what other people think life should look like. If you're ready to stop trying to fit into the mold of a man's world and you are ready to create and manifest as the powerful woman you are, then you are in the right place at the right time. Do you know that you are a brilliant feminine leader and the world is waiting for YOU and your unique gifts? Your opportunity awaits - everything depends on this moment, and you stepping into your brilliant feminine leadership! This book will empower you to embrace your powerful feminine energy, let go of the old beliefs and lies that women have believed for generations, and become the intentional feminine leader that you are meant to be!

The Girl Explorers Jayne Zanglein 2021-03-02 Never tell a woman where she doesn't belong. In 1932, Roy Chapman Andrews, president of the men-only Explorers Club, boldly stated to hundreds of female students at Barnard College that "women are not adapted to exploration," and that women and exploration do not mix. He obviously didn't know a thing about either... The Girl Explorers is the inspirational and untold story of the founding of the Society of

Women Geographers—an organization of adventurous female world explorers—and how key members served as early advocates for human rights and paved the way for today's women scientists by scaling mountains, exploring the high seas, flying across the Atlantic, and recording the world through film, sculpture, and literature. Follow in the footsteps of these rebellious women as they travel the globe in search of new species, widen the understanding of hidden cultures, and break records in spades. For these women dared to go where no woman—or man—had gone before, achieving the unthinkable and breaking through barriers to allow future generations to carry on their important and inspiring work. *The Girl Explorers* is an inspiring examination of forgotten women from history, perfect for fans of bestselling narrative history books like *The Radium Girls*, *The Woman Who Smashed Codes*, and *Rise of the Rocket Girls*.

Benigna Machiavelli Charlotte Perkins Gilman 1994 *Benigna Machiavelli* has never before been published in its entirety in book form. It was first published by Charlotte Perkins Gilman in *The Forerunner* (Vol. 5, 1914), a magazine which she wrote, edited, and produced every month from 1906 to 1916. The novella was serialized a chapter an issue. *The Forerunner* cost \$1.00 per issue, and was in a 7" x 10", 28-page format. The circulation averaged 1,500 subscribers a year, including many in Europe, also some in India and Australia. Gilman stated she did not "aim in the least at literary virtuosity," she was interested in ideas. The main idea expressed in *Benigna* is the story of a benign Machiavellian girl/woman, a "good villain," as Benigna phrases it. Having noted in the stories she read as a child that the villains exerted their intellects to accomplish their goals, while the heroes were "mostly very stupid" and practiced passive virtues, Benigna decides to apply her precocious mind to become this "good villain"—all for everyone's good, of course, at least as Benigna sees it. She responds to the sometimes onerous and perplexing life circumstances she observes herself to be in by deciding to take control of her life in highly creative (and manipulative) ways— at a time when women, and especially children, had very little control. Benigna is an intensely insightful child, as was no doubt Gilman herself. How much of this story is based on her own life experiences is difficult to say; however there are many similarities. In her autobiography, *The Living of Charlotte Perkins Gilman*, she recounts the anecdote of the experiment to see what would happen if she broke the oppressive silence of her schoolroom, just as Benigna does (and with the same results). It's likely that much of Benigna's character is based on her own, doubtless with some amount of wishful thinking that she had as successfully taken as much control of her own life. The family portrayed bears little resemblance to Gilman's, with the exception of the mother. Gilman had one sibling, a brother, Thomas A. Perkins, 14 months her senior, with whom she was not close. Her father, Frederick Beecher Perkins, left the family when Gilman was an infant and was infrequently in contact with them. However, her mother, Mary Wescott Perkins, described by Gilman as "absolutely loyal, as loving as a spaniel which no ill treatment can alienate," accurately describes Benigna's mother as well. Also similarly, Mary Wescott Perkins was intensely interested in "child culture," and had studied the Kindergarten method of child raising. Another direct parallel to Gilman's life is Benigna's happily-ever-after ending, her marriage to her cousin. Gilman married her first cousin, George Houghton Gilman, seven years her junior. Unlike Benigna, this was her second marriage and, by her account, finally a happy one. In her autobiography she wrote, "We were married... and lived happily ever after. If this were a novel, now, here's the happy ending." Although at present best known for her short story "The Yellow Wallpaper," a fictionalized account of her devastating first marriage, in her time Charlotte Perkins Gilman was known internationally as a lecturer and author of *Women and Economics: The Economic Relation Between Men and Women as a Factor in Social Evolution*, that went through nine printings from 1898 to 1920. William Dean Howells said of her: "The best brains and best profile of any woman in America." As a follow-up to this book, *Aurora Leigh* by Elizabeth Barrett Browning tells the tale of an orphaned half-Italian girl who rejects marriage to a rich cousin whom she likes very much, in order to make her own way in the world, and does successfully. (www.createpace.com/3812489)

Doing Women's History in Public Heather Huyck 2020-04-15 A complete guide to interpreting women's history. Women's history is everywhere, not only in historic house museums named for women but also in homes named for famous men, museums of every conceivable kind, forts and battlefields, even ships, mines, and in buckets. Women's history while present at every museum and historic site remains less fully interpreted in spite of decades of vibrant and expansive scholarship. *Doing Women's History in Public: A Handbook for Interpretation at Museums and Historic Sites* connects that scholarship with the tangible resources and the sensuality that form museums and historic sites-- the objects, architecture and landscapes-- in ways that encourage visitor fascination and understanding and center interpretation on the women active in them. With numerous examples that focus on all women and girls, it appropriately includes everyone, for women intersect with every other human group. This book provides arguments, sources (written, oral, and visual), and tools for finding women's history, preserving it, and interpreting it with the public. It uses the framework of Significance (importance), Knowledge Base (research in primary, secondary, and tertiary sources), and Tangible Resources (the preserved physical embodiment of history in objects, architecture, and landscapes). Discusses traditional and technology-assisted interpretation and provides Tools to implement *Doing Women's History in Public*. Using a hospitality model, museums and historic sites are the locales where we assemble, learn from each other, and take our insights into a more gender-shared future.

Journal of Women's History Guide to Periodical Literature Gayle V. Fischer 1992 "Gayle V. Fischer has produced a terrifically useful volume that no research library should be without." —*The Journal of American History* "... an indispensable resource to finding material on women's history throughout the world." —*Journal of World History* "... the work is recommended for its currency, depth of coverage, and scope." —*Ethnic Forum* As part of its mission to disseminate feminist scholarship and serve as the journal of record for the new area of women's history, the *Journal of Women's History* began a compilation of periodical literature dealing with women's history. This volume is drawn from more than 750 journals and includes material published from 1980 through 1990. There are forty subject categories and numerous subcategories. The guide lists more than 5,500 articles; all are extensively cross-listed.

Women Warriors Pamela D. Toler 2019-02-26 Who says women don't go to war? From Vikings and African queens to cross-dressing military doctors and WWII Russian fighter pilots, these are the stories of women for whom battle was not a metaphor. The woman warrior is always cast as an anomaly—Joan of Arc, not GI Jane. But women, it turns out, have always gone to war. In this fascinating and lively world history, Pamela Toler not only introduces us to women who took up arms, she also shows why they did it and what happened when they stepped out of their traditional female roles to take on other identities. These are the stories of women who fought because they wanted to, because they had to, or because they could. Among the warriors you'll meet are: * Tomyris, ruler of the Massagetae, who killed Cyrus the Great of Persia when he sought to invade her lands * The West African ruler Amina of Hausa, who led her warriors in a campaign of territorial expansion for more than 30 years * Boudica, who led the Celtic tribes of Britain into a massive rebellion against the Roman Empire to avenge the rapes of her daughters * The Trung sisters, Trung Trac and Trung Nhi, who led an untrained army of 80,000 troops to drive the Chinese empire out of Vietnam * The Joshigun, a group of 30 combat-trained Japanese women who fought against the forces of the Meiji emperor in the late 19th century * Lakshmi Bai, Rani of Jhansi, who was regarded as the "bravest and best" military leader in the 1857 Indian Mutiny against British rule * Maria Bochkareva, who commanded Russia's first all-female battalion—the First Women's Battalion of Death—during WWII * Buffalo Calif Road Woman, the Cheyenne warrior who knocked General Custer off his horse at the Battle of Little Bighorn * Juana Azurduy de Padilla, a mestiza warrior who fought in at least 16 major battles against colonizers of Latin America and who is a national hero in Bolivia and Argentina today * And many more spanning from ancient times through the 20th century. By considering the ways in which their presence has been erased from history, Toler reveals that women have always fought—not in spite of being women but because they are women.

Women's History in Global Perspective Bonnie G. Smith 2004 This second volume is concerned with issues that have shaped the history of women in particular places and during particular eras. It examines women in ancient civilisations, including women in China, Japan and Korea, women and gender in South Asia and Latin America, medieval women, and the history of women in the US until 1865.

Women's International Thought: A New History Patricia Owens 2021-01-07 The first cross-disciplinary history of women's international thought, analysing leading international thinkers of the twentieth century.

The Barbizon Paulina Bren 2021-03-18 AS HEARD ON RADIO 4 WOMAN'S HOUR 'Captivating . . . a brilliant many-layered social history of women's ambition and a rapidly changing New York' *Observer* 'A fascinating look at a piece of forgotten female history' *Sunday Times* 'A treat, elegantly spinning a forgotten story of female liberation, ambition and self-invention' *Guardian* 'A deeply researched history, leavened with gossip . . . offers a full sweep of the changing status of American women in the twentieth century' *TLS WELCOME TO THE BARBIZON, NEW YORK'S PREMIER WOMEN-ONLY HOTEL* Built in 1927 as a home for the 'Modern Woman' seeking a career in the arts, the Barbizon became the place to stay for ambitious, independent women, who were lured by the promise of fame and good fortune. Sylvia Plath fictionalized her time there in *The Bell Jar*, and over the years, its 688 tiny floral 'highly feminine boudoirs' also housed Joan Crawford, Grace Kelly (notorious for sneaking in men), Joan Didion, Candice Bergen, Charlie's Angel Jaclyn Smith, Ali MacGraw, Cybil Shepherd, Elaine Stritch, Liza Minnelli, Eudora Welty, *The Cosby Show*'s Phylicia Rashad, *Grey Gardens*'s Edith Bouvier Beale, and writers Mona Simpson and Ann Beattie, among many others. Mademoiselle boarded its summer interns there - perfectly turned-out young women, who would never be spotted hatless - as did Katherine Gibbs Secretarial School its students - in their white-gloves and kitten heels - and the Ford Modelling Agency its young models. *THE BARBIZON* is a colourful, glamorous portrait of the lives of the young women, who -- from the Jazz Age New Women of the 1920s to the Liberated Women of the 1960s -- came to New York looking for something more. 'The story of the Barbizon is in many ways the story of American

women in the twentieth century' Economist 'Illuminating . . . this vivid, well researched account is testament to its vibrant history and the women who made it such a powerhouse' Daily Express

The European Women's History Reader Fiona Montgomery 2002 The European Women's History Reader is a fascinating collection of seminal articles and extracts, exploring the social, economic, religious and political history of women across Europe since the late eighteenth century. This ambitious volume is arranged into four chronological sections all with their own introductions, which provide context for the chapters that follow. The collection also includes a useful general introduction, which makes the articles accessible to students and helps to define this increasingly important area of study.

Annie Besant Annie Besant 1893

Between Image and Identity Karina A. Eileraas 2007-07-19 This book addresses the 'autobiographical' literature, visual, and performance art of postcolonial women from Maghreb and Southeast Asia including Leila Sebbar, Assia Djebar, and Theresa Hak Kyung Cha. Karina Eileraas critically examines how contemporary postcolonial artists participate in the violence of representation in order to re-imagine the relationship between image and identity.

Women in the United States, 1830-1945 S. J. Kleinberg 1999 This work investigates women's economic, social, political and cultural history, encompassing all ethnic and racial groups and religions. It provides a general introduction to the history of women in industrializing America. Both a history of women and a history of the United States, its chronology is shaped by economic stages and political events.

Forgotten Women: The Artists Zing Tsjeng 2018-09-20 'To say this series is "empowering" doesn't do it justice. Buy a copy for your daughters, sisters, mums, aunts and nieces - just make sure you buy a copy for your sons, brothers, dads, uncles and nephews, too.' - Independent The women who shaped and were erased from our history. Forgotten Women is a new series of books that uncover the lost herstories of influential women who have refused over hundreds of years to accept the hand they've been dealt and, as a result, have formed, shaped and changed the course of our futures. The Artists brings together the stories of 48* brilliant woman artists who made huge yet unacknowledged contributions to the history of art, including Camille Claudel, the extraordinarily talented sculptor who was always unfairly overshadowed by her lover, Rodin; Baroness Elsa von Freytag-Loringhoven, who has been claimed as the true originator of Marcel Duchamp's Fountain; and Ana Mendieta, the Cuban refugee who approached violence against women through her performance art before her own untimely death. With chapters ranging from Figurative to Photography, and Craft to Conceptual, this is an alternative guide to art history that demonstrates the broad range of artistic movements that included, and were often pioneered by, female artists who have been largely overlooked. *The number of Nobel-prize-winning women.

French Legends Charles River Charles River Editors 2017-12-20 "Includes pictures and art depicting Joan of Arc and important people, places, and events in her life. *Discusses her life, career, trial, and death. "King of England, if you do not do these things, I am the commander of the military; and in whatever place I shall find your men in France, I will make them flee the country, whether they wish to or not." - Joan of Arc A lot of ink has been spilled covering the lives of history's most influential figures, but how much of the forest is lost for the trees? In Charles River Editors' French series, readers can get caught up to speed on the lives of France's most important men and women in the time it takes to finish a commute, while learning interesting facts long forgotten or never known. Joan of Arc is one of the most famous women in history: a French folk legend, a Catholic saint, and a military heroine. Yet almost nothing is truly known about the Maid of Orleans besides her ultimate fate, being burned at the stake when she was still a teenager. The Hundred Years War between France and England was one of the great wars of the feudal ages, a conflict literally spanning a century in which an untold number of men on each side died. That makes it all more amazing that a teenaged peasant girl came to the front lines. Claiming God instructed her to save France from England, she convinced the uncrowned Charles to send her to the siege of Orleans, and she subsequently led the French army to a string of important victories that made it possible for Charles VII to be coronated as the King of France. Joan then exited the stage almost as quickly as she entered it, being captured by the Burgundians and handed over to the English to be put to death for heresy. Over the centuries, the memory of Joan of Arc has been firmly embedded in French lore, where she is still constantly invoked, and she remains a staple of world history and pop culture. While she is constantly portrayed in film and art, scholars debate the accuracy of historical accounts about her, and her legend and mythology hang above all of it. French Legends: The Life and Legacy of Joan of Arc looks at the life of the famous French heroine, attempting to separate fact from fiction and analyzing her legacy. Along with pictures of important people, places, and events, you will learn about Joan of Arc like you never have before, in no time at all.

The Practice of U.S. Women's History S. J. Kleinberg 2007 In the last several decades, U.S. women's history has come of age. Not only have historians challenged the national narrative on the basis of their rich explorations of the personal, the social, the economic, and the political, but they have also entered into dialogues with each other over the meaning of women's history itself. In this collection of seventeen original essays on women's lives from the colonial period to the present, contributors take the competing forces of race, gender, class, sexuality, religion, and region into account. Among many other examples, they examine how conceptions of gender shaped government officials' attitudes towards East Asian immigrants; how race and gender inequality pervaded the welfare state; and how color and class shaped Mexican American women's mobilization for civil and labor rights.

Encyclopedia of Women in the Renaissance Diana Maury Robin 2007 Presents biographical and topical information on the contributions made by women during the Renaissance in such fields as medicine, religion, and art. History Matters Judith M. Bennett 2010-11-24 Written for everyone interested in women's and gender history, History Matters reaffirms the importance to feminist theory and activism of long-term historical perspectives. Judith M. Bennett, who has been commenting on developments in women's and gender history since the 1980s, argues that the achievement of a more feminist future relies on a rich, plausible, and well-informed knowledge of the past, and she asks her readers to consider what sorts of feminist history can best advance the struggles of the twenty-first century. Bennett takes as her central problem the growing chasm between feminism and history. Closely allied in the 1970s, each has now moved away from the other. Seeking to narrow this gap, Bennett proposes that feminist historians turn their attention to the intellectual challenges posed by the persistence of patriarchy. She posits a "patriarchal equilibrium" whereby, despite many changes in women's experiences over past centuries, women's status vis-à-vis that of men has remained remarkably unchanged. Although, for example, women today find employment in occupations unimaginable to medieval women, medieval and modern women have both encountered the same wage gap, earning on average only three-fourths of the wages earned by men. Bennett argues that the theoretical challenge posed by this patriarchal equilibrium will be best met by long-term historical perspectives that reach back well before the modern era. In chapters focused on women's work and lesbian sexuality, Bennett demonstrates the contemporary relevance of the distant past to feminist theory and politics. She concludes with a chapter that adds a new twist—the challenges of textbooks and classrooms—to viewing women's history from a distance and with feminist intent. A new manifesto, History Matters engages forthrightly with the challenges faced by feminist historians today. It argues for the radical potential of a history that is focused on feminist issues, aware of the distant past, attentive to continuities over time, and alert to the workings of patriarchal power.

Joan of Arc and Christine de Pizan's Ditié Karen Green 2021-06-29 This study examines the connections between Joan of Arc and Christine de Pizan, as well as the nature and origins of Joan's mission. The author analyzes how Christine's Ditié suggests that Joan was trained to fulfill prophecies that Christine had promoted earlier.

Rethinking American Indian History Donald Lee Fixico 1997 Using innovative methodologies and theories to rethink American Indian history, this book challenges previous scholarship about Native Americans and their communities.

Girlhood in America: An Encyclopedia 2 Volumes Miriam Forman-Brunell 2001-06 This groundbreaking reference work presents more than 100 articles by 98 high-profile interdisciplinary scholars, covering all aspects of girls' roles in American society, past and present.

The Quest for the Lost Nation Sebastian Conrad 2010 Chronicles the Germany's and Japan's struggles to reclaim a defeated national past. This book compares the ways German and Japanese scholars revised national history after World War-II in the shadows of fascism, surrender and American occupation. It shows that the focus on the nation can be understood only within a transnational context.

Masquerade Alfred F. Young 2005 Follows the seventeen-month service of Deborah Sampson in the American Revolution, during which she successfully posed as a man, sharing details about her early life as an indentured servant; her achievements as a weaver, teacher, and religious rebel; and her postwar life as a wife, mother, writer, and veteran advocate. Reprint. 12,500 first printing.

Voices of Women Historians Eileen Boris 1999 The Coordinating Council for Women in History evolved from a cohort of women historians who turned their scholarly focus to the recovery of women's experiences. In so doing, they created and legitimated the field of women's history. The contributors to this volume, former CCWH officers, mark the 30th anniversary of the organization while commemorating three decades of feminist activism and scholarship.

Recording the diverse paths women have taken to become historians, the essays contained in this book describe how a particular group of women negotiated the often competing demands of being a woman, a professional, and a political activist from the turbulent 1960s through the challenges of the 1990s. But beyond the celebration of personal and professional progress, this collection contributes to the emerging historiography of women's history and the

literature on women in the professions. Copyright © Libri GmbH. All rights reserved.

Nixon Reconsidered Joan Hoff 1995-07-15 An eye-opening look at the man whose notoriety over Watergate and whose accomplishments in foreign policy have made us forget that he was one of our most innovative modern presidents on matters of domestic policy. Hoff shows that Nixon's reforms in welfare, civil rights, economic and environmental policy, and reorganization of the federal bureaucracy all greatly outweigh those things for which we tend to remember him.

The Women in the Room Nan Sloane 2020-08-06 In February 1900 a group of men representing trade unionists, socialists, Fabians and Marxists gathered in London to make another attempt at establishing an organisation capable of getting working-class men elected to Parliament. The body they set up was the Labour Representation Committee; six years later when 29 of its candidates were elected to the House of Commons, it changed its name to the Labour Party. No women took part in that first meeting, but several watched from the public gallery. Amongst them was Isabella Ford, an active socialist and trade unionist who would have been familiar to most of the men assembled below. She had been asked by her friend, Millicent Fawcett, to attend and report back on what happened. A few years later she would become the first woman to speak at a Labour Party conference, moving a resolution on votes for women but, at the Party's inception in 1900, she and every other woman in the hall was silent. Throughout Labour's history, even in its earliest years, women were present in the room, but they were not always recorded or remembered. They came from many different backgrounds and they worked for the causes they believed in as organisers, campaigners, negotiators, polemicists, public speakers and leaders. They took on the vested interests of their time; sometimes they won. Yet the vast majority of them have been forgotten by the Labour movement that they helped to found. Even Margaret Bondfield, who became Britain's first woman cabinet minister, often barely merits a footnote. Women made real and substantial contributions to Labour's earliest years and had a significant impact on the Party's ability to attract and maintain women's votes after World War I. In addition to Margaret and Isabella, in many of the rooms in which the Labour Party found its feet, remarkable women wait to be rediscovered. This book tells their story.

Notable Women in History Willis J. Abbot 2017-11-23 Excerpt from Notable Women in History: The Lives of Women Who in All Ages, All Lands, and in All Womanly Occupations Have Won Fame and Put Their Imprint on the World's History Lord Raglan or Florence Nightingale did the more to reanimate the drooping spirits of the English soldiers in the Crimea. And as a dashing leader, a beaux sabreur, Sheridan in no degree surpassed Joan of Arc. Her white armor and flowing tresses rallied her wavering troops as effectively as did that terrible oath which Little Phil. Is practically reputed to have ripped out on the twenty - mile ride to Winchester. These are extreme instances of course - extreme as to men as well as to women. But I think no one can read these sketches of seventy Women of History - it would not have been hard to collect three times as many - without appreciating some of the heights to which the feminine mind is capable of rising and the infinite variety of its ?ights. Let it be remembered that in all times and amidst all peoples of which we have knowledge the woman has been held the weaker vessel and the study of man has been to keep her weak. Not necessarily physically weak by any means. Wit ness the lordly husband of the tropics lolling at ease while his various wives till the fields. But weak in all that makes for personal initiative and independence. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

The History of British Women's Writing, 1970-Present Mary Eagleton 2016-04-29 This book maps the most active and vibrant period in the history of British women's writing. Examining changes and continuities in fiction, poetry, drama, and journalism, as well as women's engagement with a range of literary and popular genres, the essays in this volume highlight the range and diversity of women's writing since 1970.

Women and the Politics of Representation in Southeast Asia Adeline Koh 2015-06-03 Singapore and Malaysia are rapidly modernising, globalising Asian states which, although being distinct nations since 1965, share common elements in the on-going struggle over the meaning of gender and sexuality in their societies. This is the first book to discuss a range of discourses around gender in these two countries. Women and the Politics of Representation in Southeast Asia: Engendering Discourse in Singapore and Malaysia seeks to give an overview of how gender and representation come together in various configurations in the history and contemporary culture of both nations. It examines the discursive construction of gender, sexuality and representation in a variety of areas, including the politics of everyday life, education, popular culture, literature, film, theatre and photography. Chapters examine a range of tropes such as the Orientalist "Sarong Party Girl," the iconic "Singapore Girl" of Singapore Airlines, and the figure of pious Muslim femininity celebrated by Malaysian NGO IMAN, all of which play important roles in delineating limitations for gender roles. The collection also draws attention to resistance to these gender boundaries in theatre, film, blogs and social media, and pedagogy. Bringing together research from a variety of humanistic and social science fields, such as film, material culture, semiotics, literature and pedagogy, the book is a comprehensive feminist survey that will be of use for students and scholars of Women's Studies and Asian Studies, as well as on courses on gender, media and popular culture in Asia.

The Business of Women Melanie Buddle 2011-01-01 Throughout history, Western women have inhabited a conceptual space divorced from the world of business. But women have always engaged in business. Who were these women, and how were they able to justify their work outside the home? The Business of Women explores the world of those women who embraced British Columbia's frontier ethos in the early twentieth-century. In this detailed examination of case studies and quantitative sources, Buddle reveals that, contrary to expectation, the typical businesswoman was not unmarried or particularly rebellious, but a woman reconciling her entrepreneurship with her identity as a wife, mother, or widow. This groundbreaking study not only incorporates women into the history of business, it challenges commonly held beliefs about women, business, and the marriage between the two.

French Legends: the Life and Legacy of Joan of Arc Charles River Charles River Editors 2013-10-26 *Includes pictures and art depicting Joan of Arc and important people, places, and events in her life. *Discusses her life, career, trial, and death. "King of England, if you do not do these things, I am the commander of the military; and in whatever place I shall find your men in France, I will make them flee the country, whether they wish to or not." - Joan of Arc A lot of ink has been spilled covering the lives of history's most influential figures, but how much of the forest is lost for the trees? In Charles River Editors' French series, readers can get caught up to speed on the lives of France's most important men and women in the time it takes to finish a commute, while learning interesting facts long forgotten or never known. Joan of Arc is one of the most famous women in history: a French folk legend, a Catholic saint, and a military heroine. Yet almost nothing is truly known about the Maid of Orleans besides her ultimate fate, being burned at the stake when she was still a teenager. The Hundred Years War between France and England was one of the great wars of the feudal ages, a conflict literally spanning a century in which an untold number of men on each side died. That makes it all more amazing that a teenaged peasant girl came to the front lines. Claiming God instructed her to save France from England, she convinced the uncrowned Charles to send her to the siege of Orleans, and she subsequently led the French army to a string of important victories that made it possible for Charles VII to be coronated as the King of France. Joan then exited the stage almost as quickly as she entered it, being captured by the Burgundians and handed over to the English to be put to death for heresy. Over the centuries, the memory of Joan of Arc has been firmly embedded in French lore, where she is still constantly invoked, and she remains a staple of world history and pop culture. While she is constantly portrayed in film and art, scholars debate the accuracy of historical accounts about her, and her legend and mythology hang above all of it. French Legends: The Life and Legacy of Joan of Arc looks at the life of the famous French heroine, attempting to separate fact from fiction and analyzing her legacy. Along with pictures of important people, places, and events, you will learn about Joan of Arc like you never have before, in no time at all.

The Way I Heard It Arnie Marchand 2013-02 B. Retelling the stories from Okanogan elders, the author begins in Wenatchee, WA and follows the trail now known as Highway 97 heading north into British Columbia, Canada. The book is arranged as if the author is traveling with you on your adventure through time, including stories of places and events as seen through the eyes of the native settlers of the area.
