Passionate Learners Pernille Ripp 2015-08-27 Would you want to be a student in your own classroom? In *Passionate Learners: How to Engage and Empower Your Students*, author Pernille Ripp challenges both novice and seasoned teachers to create a positive, interactive learning environment where students drive their own academic achievement. You'll discover how to make fundamental changes to your classroom so learning becomes an exciting challenge rather than a frustrating ordeal. Based on the author's personal experience of transforming her approach to teaching, this book outlines how to:

- Build a working relationship with your students based on mutual trust, respect, and appreciation
- Be attentive to your students' needs and share ownership of the classroom with them
- Break out of the vicious cycle of punishment and reward to control student behaviour
- Use innovative and creative lesson plans to get your students to become more engaged and intellectually-invested learners, while still meeting your state standards
- Limit homework and abandon traditional grading so that your students can make the most of their learning experiences without unnecessary stress
- And much more!

New to the second edition, you'll find practical tools, such as teacher and student reflection sheets, parent questionnaires, and parent conference tools, available in the book and as eResources on our website (<http://www.routledge.com/9781138916920>) to help you build your own classroom of passionate learners.

THE EARLY GRADE READING ASSESSMENT Amber K. Gove 2011-09-28 The Early Grade Reading Assessment (EGRA) measures students' progress towards reading. EGRA gauges early literacy skills through a 15-minute individual oral assessment of five fundamental reading skills. RTI worked with education experts to develop the EGRA in 2006, and it has been piloted and implemented in more than 40 countries. This volume aims to take stock of the substantial amount of information and experience generated through the use of EGRA, and to share this knowledge with practitioners, policymakers, and international donors. Chapters cover not only particular applications of the instrument but also put EGRA in the context of broader issues and developments in literacy and education.

July's People Nadine Gordimer 2012-03-15 For years, it has been what is called a 'deteriorating situation'. Now all over South Africa the cities are battlegrounds. The members of the Smales family - liberal whites - are rescued from the terror by their servant, July, who leads them to refuge in his native village. What happens to the Smaleses and to July - the shifts in character and relationships - gives us an unforgettable look into the terrifying, tacit understandings and misunderstandings between blacks and whites.

Motswasele II Leetile Disang Raditladi 2021-10 Motswasele II, the first historical drama written by a Botswanan author, originally published in the Bantu (later, African) Treasury Series by the University of the Witwatersrand Press, in 1945, Leetile Disang Raditladi explores the concept of chieftainship and what it means to be a good chief through the characters of two powerful men, Moruakgomo and Motswasele. According to the history of the Bakwena, the two men vied for the throne. Raditladi critiques the tyranny of Motswasele, whose actions are those of a greedy dictator with no regard for his people. His iron-fisted rule, disregard for advice from his council, and the fact that he helps himself to his subjects' cattle at will cause great unhappiness. He surrounds himself with untrustworthy people who are not of royal blood and know nothing about power. In contrast, Moruakgomo is portrayed as a true leader who is caring, brave, wise, visionary and not above taking advice. In the drama, Motswasele is cautioned against wronging people he may need in the future, and being swayed by false songs of praise. Motswasele II highlights the importance of traditional rule, and the need for a chief to dispense power judiciously and to resolve conflicts where these arise.

An Introduction to Language and Linguistics Ralph Fasold 2006-03-06 This accessible textbook is the only introduction to linguistics in which each chapter is written by an expert who teaches courses on that topic, ensuring balanced and uniformly excellent coverage of the full range of modern linguistics. Assuming no prior knowledge the text offers a clear introduction to the traditional topics of structural linguistics (theories of sound, form, meaning, and language change), and in addition provides full coverage of contextual linguistics, including separate chapters on discourse, dialect variation, language and culture, and the politics of language. There are also up-to-date separate chapters on language and the brain, computational linguistics, writing, child language acquisition, and second-language learning. The breadth of the textbook makes it ideal for introductory courses on language and linguistics offered by departments of English, sociology, anthropology, and communications, as well as by linguistics departments.

Nothing but the Truth John Kani 2002-01-01 An award-winning play about the relationship between brothers. Nothing but the Truth is the story of two brothers, of sibling rivalry, of exile, of memory and reconciliation, and the ambiguities of freedom. The play was John Kani's debut as sole playwright and was first performed in the Market Theatre in Johannesburg. It won the 2003 Fleur du Cap Award for best actor and best new

South African play. In the same year Kani was also awarded a special Obie award for his extraordinary contribution to theatre in the USA.

Dugard's International Law John Dugard 2019-01-07 This fifth edition of *International Law: A South African Perspective* is now titled *Dugard's International Law: A South African Perspective*, in recognition of the fact that this work is a continuation of the earlier editions written by John Dugard. The substance of the work has undergone major changes to take account of new developments both on the international legal scene and in South Africa. *Dugard's International Law: A South African Perspective* presents a South African perspective of international law. The basic principles of international law are described and examined with reference to the principal sources of international law. This examination, however, takes place within the context of South African law. South African state practice, judicial decisions and legislation on international law receive equal treatment with international law as it is practised and taught abroad. The present work is designed to assist judicial officers and practitioners, educate students, and guide diplomats in the intricacies of international law both at home in South Africa and abroad.
