The Little House Cookbook Barbara M. Walker 2019-02-27 This award-winning cookbook features more than 100 of the recipes that Laura Ingalls Wilder chronicles in her classic Little House books. A great gift for Little House fans and anyone who wants more information about what life on the prairie was really like. With this cookbook, you can learn how to make classic frontier dishes like corn dodgers, mincemeat pie, cracklings, and pulled molasses candy. The book also includes excerpts from the Little House books, fascinating and thoroughly researched historical context, and details about the cooking methods that pioneers like Ma Ingalls used, as well as illustrations by beloved artist Garth Williams. This is a chance to dive into the world of Laura Ingalls Wilder, American pioneer, women's club member, and farm homesteader. This book has been widely praised and is the winner of the Western Heritage Award from the National Cowboy & Western Heritage Museum in Oklahoma City. The Horn Book praised it as "a culinary and literary feast."

The U.S. History Cookbook Joan D'Amico 2003-02-25 Serve up a heaping lesson of history with delicious recipes from our nation's past-- from the pilgrims' first feast to today's high-tech, low-fat fare Who knew history could be so delicious? In The U.S. History Cookbook, you'll discover how Americans have lived and dined over the centuries. This scrumptious survey of periods and events in U.S. history mixes together a delectable batter of food timelines, kid-friendly recipes, and fun food facts throughout each chapter, including such fascinating tidbits as: Sunday was baked bean day in many colonial family homes; pioneers took advantage of the rough trails to churn milk into butter; the Girl Scouts first started selling cookies in the 1930s to save money for summer camp; and so much more! Kids will have a great time learning about the past while they cook up easy and yummy recipes, including: * Cornmeal Blueberry Mush, a favorite dish of the Native Americans of the Northeast * King Cake, the traditional cake served at the Mardi Gras Festival in New Orleans, Louisiana * Amazing Country Scrambled Eggs, an essential part of any hearty pioneer breakfast * Coconut Pudding, a favorite dessert of travelers riding the transcontinental railroad in the 1870s * Baked Macaroni 'N' Cheese, a popular and inexpensive dish enjoyed during the Depression The U.S. History Cookbook also includes information on cooking tools and skills, with important rules for kitchen safety and cleanup.

Wealth And Poverty Of Nations David S. Landes 2015-04-20 The history of nations is a history of haves and have-nots, and as we approach the millennium, the gap between rich and poor countries is widening. In this engrossing and important new work, eminent historian David Landes explores the complex, fascinating and often startling causes of the wealth and poverty of nations. The answers are found not only in the large forces at work in economies: geography, religion, the broad swings of politics, but also in the small surprising details. In Europe, the invention of spectacles doubled the working life of skilled craftsmen, and played a prominent role in the creation of articulated machines, and in China, the failure to adopt the clock fundamentally hindered economic development. The relief of poverty is vital to the survival of us all. As David Landes brilliantly shows, the key to future success lies in understanding the lessons the past has to teach us - lessons uniquely imparted in this groundbreaking and vital book which exemplifies narrative history at its best.

Cooking Up Library Programs Teens and 'Tweens Will Love: Recipes for Success Megan Emery Schadlich 2015-06-23 Engage teens and 'tweens with library programs that nurture developmental and social needs—and keep young patrons entertained. • Includes complete plans for more than a dozen educational and

entertaining programs • Makes connections to STEAM and maker programming • Provides library programming guidance from the perspective of a library play specialist with nearly a decade's experience

How to Speak Wookiee Wu Kee Smith 2011-08-31 Everyone's been there you're playing holo chess with a Wookiee, and things get out of hand. You've done something to offend him, but you don't know what. How can you defuse the situation? Better yet, how can you make sure you never end up there again? With intergalactic travel easier than ever, Wookiees can now be found on nearly every planet in the galaxy and on starships everywhere in between. This helpful guide teaches citizens of the galaxy key phrases in the Wookiee language, eliminating near-fatal encounters with notoriously short-tempered Wookiees while smoothing the way to lasting partnerships and friendships. The handy sound module recorded by Chewbacca himself! demonstrates proper pronunciation of ten key phrases.

Critical Approaches to Food in Children's Literature Kara K. Keeling 2012-03-20 Critical Approaches to Food in Children's Literature is the first scholarly volume on the topic, connecting children's literature to the burgeoning discipline of food studies. Following the lead of historians like Mark Kurlansky, Jeffrey Pilcher and Massimo Montanari, who use food as a fundamental node for understanding history, the essays in this volume present food as a multivalent signifier in children's literature, and make a strong argument for its central place in literature and literary theory. Written by some of the most respected scholars in the field, the essays between these covers tackle texts from the nineteenth century (Rudyard Kipling's *Kim*) to the contemporary (Dave Pilkey's *Captain Underpants* series), the U.S. multicultural (Asian-American) to the international (Ireland, Brazil, Mexico). Spanning genres such as picture books, chapter books, popular media, and children's cookbooks, contributors utilize a variety of approaches, including archival research, cultural studies, formalism, gender studies, post-colonialism, post-structuralism, race studies, structuralism, and theology. Innovative and wide-ranging, Critical Approaches to Food in Children's Literature provides us with a critical opportunity to puzzle out the significance of food in children's literature.

American Girl: Around the World Cookbook American Girl 2018-04-24 Featuring more than 50 recipes for kid-friendly dishes from different countries, American Girl Around the World Cookbook will inspire young chefs to taste and learn about new cuisines while perfecting kitchen skills. In this fifth cookbook from Williams Sonoma and American Girl, aspiring cooks will expand their culinary knowledge and palate—and discover a world of savory and sweet delicacies like mini meatballs from Sweden; fresh spring rolls from Vietnam; pad thai from Thailand; tikka masala from India; paella from Spain; kiwi and berry pavlovas from New Zealand; sticky toffee pudding from Great Britain, and so much more. The easy-to-follow recipes are organized by type and span the globe—from France to Brazil, Turkey to Argentina, Italy to India and beyond—giving kid cooks an opportunity to learn how people eat all over the world. An illustrated map with flags, colorful illustrations featuring passports, and party ideas for sharing these worldly recipes with friends round out the collection. The Hypomanic Edge John D. Gartner 2008-06-23 Why is America so rich and powerful? The answer lies in our genes, according to psychologist John Gartner. Hypomania, a genetically based mild form of mania, endows many of us with unusual energy, creativity, enthusiasm, and a propensity for taking risks. America has an extraordinarily high number of hypomanics—grandiose types who leap on every wacky idea that occurs to them, utterly convinced it will change the world. Market bubbles and ill-considered messianic crusades can be the downside. But there is an enormous upside in terms of spectacular entrepreneurial zeal, drive for innovation, and material success. Americans may have a lot of crazy ideas, but some of them lead to brilliant inventions. Why is America so hypomaniac? It is populated primarily by immigrants. This self-selection process is the boldest natural experiment ever conducted. Those who had the will, optimism, and daring to take the leap into the unknown have passed those traits on to their descendants. Bringing his audacious and persuasive thesis to life, Gartner offers case histories of some famous Americans who represent this phenomenon of hypomania. These are the real stories you never learned in school about some of those men who made America: Columbus, who discovered the continent, thought he was the messiah. John Winthrop, who settled and defined it, believed Americans were God's new chosen people. Alexander Hamilton, the indispensable founder who envisioned America's economic future, self-destructed because of pride and impulsive behavior. Andrew Carnegie, who began America's industrial revolution, was sure that he was destined personally to speed up human evolution and bring world peace. The Mayer and Selznick families helped create the peculiarly American art form of the Hollywood film, but familial bipolar disorders led to the fall of their empires. Craig Venter decoded the human genome, yet his arrogance made him despised by most of his scientific colleagues, even as he spurred them on to make great discoveries. While these men are extraordinary examples, Gartner argues that many Americans have inherited the genes that have made them the most successful citizens in the world.

Collects Dark Nights: Death Metal The Last 52: War of the Multiverses #1 and Dark Nights: Death Metal The Last Stories of the DC Universe #1.

The Hangover Cookbook Milton Crawford 2011-05-31 Everything you need to know to assess, understand, and improve a hangover is here: dozens of comforting recipes, very clever graphic tests for analyzing your state of mind, and quizzes for tracking your progress. A good hangover brings its victim to a new state of mind—and one that, when looked at objectively, can be quite fascinating to its host: It can create an increased awareness of the body, a willingness to eat something usually off limits, and a fascination with the mind's strange acrobatics. With P. G. Wodehouse's six hangovers—The Broken Compass, The Sewing Machine, The Comet, The Atomic, The Cement Mixer, and The Gremlin Boogie—as a starting point, recipes are tailored to each specific malady, allowing the reader to find a recipe (or just a menu item) that precisely suits his state of mind . . . and body. Interspersed with the recipes are mind games, witticisms and graphic jokes, insights into hangover science, quizzes to see if you are still drunk or now just merely hungover, and more.

Doctor Who: The Official Cookbook Joanna Farrow 2016-08-11 Whether you're planning a party to watch the latest episode, need a showstopping cake that's bigger on the inside, or want a taste of the TARDIS at teatime, this is the ultimate collection of dishes from across space and time. Keep the munchies at bay with a fleet of Atraxi Snax, and serve an Ood Head Bread with your dinner. Create your very own Picnic at Asgard, or invite the Zygon Pie into your house. And say 'Hello, Sweetie' to a deadly-delicious Dalektable Army, a Peek-a-Boo Pandorica cake, or some simple jelly babies. Each easy-to-follow recipe has step-by-step instructions to show how you can make meals, snacks, cakes and sweets that are truly out of this world.

Zombie Cupcakes Zilly Rosen 2011-08-08 Conjuring up her inner George A. Genius Foods Max Lugavere 2018-03-20 New York Times Bestseller Discover the critical link between your brain and the food you eat and change the way your brain ages, in this cutting-edge, practical guide to eliminating brain fog, optimizing brain health, and achieving peak mental performance from media personality and leading voice in health Max Lugavere. After his mother was diagnosed with a mysterious form of dementia, Max Lugavere put his successful media career on hold to learn everything he could about brain health and performance. For the better half of a decade, he consumed the most up-to-date scientific research, talked to dozens of leading scientists and clinicians around the world, and visited the country's best neurology departments—all in the hopes of understanding his mother's condition. Now, in Genius Foods, Lugavere presents a comprehensive guide to brain optimization. He uncovers the stunning link between our dietary and lifestyle choices and our brain functions, revealing how the foods you eat directly affect your ability to focus, learn, remember, create, analyze new ideas, and maintain a balanced mood. Weaving together pioneering research on dementia prevention, cognitive optimization, and nutritional psychiatry, Lugavere distills groundbreaking science into actionable lifestyle changes. He shares invaluable insights into how to improve your brain power, including the nutrients that can boost your memory and improve mental clarity (and where to find them); the foods and tactics that can energize and rejuvenate your brain, no matter your age; a brain-boosting fat-loss method so powerful it has been called "biochemical liposuction"; and the foods that can improve your happiness, both now and for the long term. With Genius Foods, Lugavere offers a cutting-edge yet practical road map to eliminating brain fog and optimizing the brain's health and performance today—and decades into the future.

reason you can't whip up some Crazy Cantina Chili at near light speed.

Star Wars Folded Flyers Ben Harper 2012-01-01 Taking you where no paper airplane book has gone before - the Galactic Empire. This is the only book of its kind that enables Jedi knights to follow their dreams of replicating Star Wars spacecrafts that actually fly! Knights of all ages can transform the pre-printed papers into 6 high-performance fighters including Darth Vader's TIE Fighter, Millennium Falcon, and Naboo Starfighter. Aerodynamic experts helped engineer these flyers for ease of folding and fantastic flight.

This Is Going to Hurt Adam Kay 2019-12-03 In the US edition of this international bestseller, Adam Kay channels Henry Marsh and David Sedaris to tell us the "darkly funny" (The New Yorker) -- and sometimes horrifying -- truth about life and work in a hospital. Welcome to 97-hour weeks. Welcome to life and death decisions. Welcome to a constant tsunami of bodily fluids. Welcome to earning less than the hospital parking meter. Wave goodbye to your friends and relationships. Welcome to the life of a first-year doctor. Scribbled in secret after endless days, sleepless nights and missed weekends, comedian and former medical resident Adam Kay's This Is Going to Hurt provides a no-holds-barred account of his time on the front lines of medicine. Hilarious, horrifying and heartbreaking by turns, this is everything you wanted to know -- and more than a few things you didn't -- about life on and off the hospital ward. And yes, it may leave a scar.

Homeland Cory Doctorow 2013-02-05 In Cory Doctorow's wildly successful Little Brother, young Marcus Yallow was arbitrarily detained and brutalized by the government in the wake of a terrorist attack on San Francisco—an experience that led him to become a leader of the whole movement of technologically clued-in teenagers, fighting back against the tyrannical security state. A few years later, California's economy collapses, but Marcus's hacktivist past lands him a job as webmaster for a crusading politician who promises reform. Soon his former nemesis Masha emerges from the political underground to gift him with a thumbdrive containing a Wikileaks-style cable-dump of hard evidence of corporate and governmental perfidy. It's incendiary stuff—and if Masha goes missing, Marcus is supposed to release it to the world. Then Marcus sees Masha being kidnapped by the same government agents who detained and tortured Marcus years earlier. Marcus can leak the archive Masha gave him—but he can't admit to being the leaker, because that will cost his employer the election. He's surrounded by friends who remember what he did a few years ago and regard him as a hacker hero. He can't even attend a demonstration without being dragged onstage and handed a mike. He's not at all sure that just dumping the archive onto the Internet, before he's gone through its millions of words, is the right thing to do. Meanwhile, people are beginning to shadow him, people who look like they're used to inflicting pain until they get the answers they want. Fast-moving, passionate, and as current as next week, Homeland is every bit the equal of Little Brother—a paean to activism, to courage, to the drive to make the world a better place. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Unofficial Hunger Games Cookbook Emily Ansara Baines 2011-11-01 "Here's some advice. Stay alive." --Haymitch Abernathy When it comes to The Hunger Games, staying alive means finding food any way possible. Katniss and Gale hunt live game, Peeta's family survives on the bread they make, and the inhabitants of the Seam work twelve-hour days for a few handfuls of grain--all while the residents of the Capitol gorge themselves on delicacies and desserts to the heart's desire. For the first time, you will be able to create delicious recipes from the humble District 12 to the extravagant Capital, including: French Bread from the Mellark Family Bakery Katniss's Favorite Lamb Stew with Dried Plums Rue's Roasted Parsnips Gale's Bone-Pickin' Big Game Soup Capitol-Grade Dark Chocolate Cake If you're starving for more from Katniss, Peeta, and Gale, this cookbook is sure to whet your appetite!

Building Research Tools with Google For Dummies Harold Davis 2005-04-08 Google—a funny name for a fabulous tool. You've already used it to look up all sorts of information on the Web almost instantly. Now what if you could use its amazing abilities to turbo-charge your research on a grand scale? Building Research Tools With Google For Dummies can help you do just that. In plain English, it shows you easy ways to: Ask Google exactly what you want to know Determine whether what you need can actually be found through Google, and where to look if the answer is “no” Improve your research results Present your findings in a way that makes sense Write your own specialized search applications—if you want to To get the most from Google, you need to understand Google. Building Research Tools With Google For Dummies explains how Google works and how you can build more effective queries (hint: it's a lot more than just using the “Advanced Search” techniques!) It even shows you how to think like a researcher and how to package the results of your research so it means something to your audience. You'll be able to: Understand Google research techniques and use the custom search-related syntax Recognize Google's strengths—and limitations Target your search by using Google operators Use Google to research photos, or even an entire industry Improve the effectiveness of your results by understanding Google's comparative methodology Build custom tools using WDSL and Web Services You don't have to become a programmer to use Google, but if you know a little about software development and want to explore new, more focused search techniques, Building Research Tools With Google For Dummies has a section just for you. It introduces

you to the Google API, shows you how to download a developer key, and leads you through building a C# .Net Google application. On the companion Web site, you'll find the source code and software discussed in the book as well as links to lots of other resources for researchers. Before you know it, you'll be Googling your way to research success!

The De-Textbook Cracked.com, 2013-10-29 You are an idiot. Don't get defensive! It's not your fault. For decades your teachers, authority figures and textbooks have been lying to you. You do not have five senses. Your tongue doesn't have neatly segregated taste-bud zones. You don't know what the pyramids really looked like. You're even pooping wrong - Jesus, you're a wreck! But it's going to be okay. Because we're here to help. Packed with more sexy facts than the Encyclopedia Pornographica, the Cracked De-Textbook will teach you about the true stars of history, why you picture everything from Velociraptors to Ancient Rome incorrectly, and finally, at long last - how to pop a proper squat. This book was built from the ground up to systematically seek out, dismantle and destroy the many untruths that years of misguided education have left festering inside of you, and leave you a smarter person...whether you like it or not. The De-Textbook is a merciless, brutal learning machine. It can't be bargained with. It can't be reasoned with. It doesn't feel pity, or remorse, or fear. And it absolutely will not stop, ever, until you are informed.

The Star Wars Cook Book Frankie Frankeny 2005-08 From the creators of the best-selling Star Wars CookbookÓ comes another delicious set of recipes to tempt the tastebuds of Star Wars fans of all ages. From Amidala Challah to Qui-Gon Jinn-ger Snaps, this Force-filled cookbook features easy-to-follow recipes for healthful snacks, delicious dishes & sweet treats to tempt hungry Jedi apprentices from any galaxy. It includes: a stencil of Darth Maul's face; wipe-clean pages; tips for cooking with kids of all ages; & 29 out-of-this-world cleverly named recipes, each with an amusing color photo with Star Wars figures.

The Star Wars Cookbook II Wesley Martin 2016-01-26 Even the pickiest of Gungans will eat their fruits and veggies when Bubble City Salad and Boss Nass Broccoli are on the menu. With this exciting new sequel to the best-selling The Star Wars Cookbook: Wookiee Cookies and Other Galactic Recipes, Star Wars fans of all ages can cook up more out-of-this-world fun. From razor-toothed Opee's Sea Crunch (for fish fillets with a real bite) to Darth Double Dogs (doubling as a light saber you can eat!), this intergalactic Star Wars cookbook features healthy snacks, delicious dishes, sweet treats, and easy main courses no Rebel can resist. The ebook features hilarious photographs and recipes, and age is no issue when the Force is with you-adults as well as kids will have a great time with this book.
