Comprehending as well as conformity even more than new will present each success. bordering to, the declaration as with ease as perception of this The Tide Ghost Fleet Tide Series 7 can be taken as capably as picked to act.

The Fleet at Flood Tide James D. Hornfischer 2017-11-14 Here is the extraordinary story of the most consequential campaign of the Pacific War- the U.S. Fifth Fleet's seizure of the Marianas, a relentless deployment of overwhelming force on air, land, and sea that opened the path to total victory over Japan and established a new state of the art in warfare- the first use of the forerunners of today's SEALs; the emergence of massive cross-hemispheric expeditionary operations; the flowering of American naval aviation and carrier power; and the secret training of Marianas-based air crews who would first unleash nuclear fire. From the epic seaborne invasion of Saipan, to the stunning aerial battles of the Marianas Turkey Shoot, to the grinding combat ashore and the devastating bombing campaign that culminated with Hiroshima and Nagasaki, the Marianas were the fulcrum of the Pacific, a kaleidoscope of valor, drama, and tragedy. Story

Locale- The Marianas, Central Pacific, 1944.

Demon Mind Anthony J Melchiorri 2021-08-31 A CIA field officer monitoring chemical weapon smuggling in Jordan is missing and with him, the trail for those deadly weapons. Skilled Vector operatives Alex Wolfe and Skylar Cruz are deployed to find them before they fall into the wrong hands. But they're not the only ones on the chase. When Vector is ambushed, they find themselves at the mercy of the strange chemical weapon they were sent to track. A weapon based on technology far more insidious and dangerous than they ever could have imagined. One that affects their very perception of reality. Demon Mind is Book Two in the Vector series, where high-octane action and suspense collide with real science and technology.

Wolf Pack Bob Carruthers 2013-01-21 "Once you heard that pinging sound you knew they had got to you, then the depth charges came. Terrible, just terrible." Kurt Wehling, u-boat survivor The steel coffins was the name given to the U-boats of the Kriegsmarine by their own crews. Their fatalistic view of the war was certainly justified; it is estimated that seventy-five per cent of the 39,000 men who sailed in the U-boat fleet paid the ultimate price as the tide of war turned inexorably against Hitler's Germany. This is the illustrated history of the U-boat war from the perspective of the men who sailed into battle in the service of the Third Reich. Drawing heavily on the accounts of the last remaining survivors, 'The U-boat War' traces the grim story of the rise and fall of the grey wolves. The memories of the brief days of the "happy times" of superiority and success were soon replaced by the stark terror of the enfolding nightmare as the realisation dawned that the hunters had become the hunted. Written by Emmy award winning author Bob Carruthers, this powerful account of the U-boat war features extensive personal recollections, rare photographs and extracts from contemporary propaganda magazines producing a vivid picture of what it meant to fight beneath the waves.

Rebel World Anthony J Melchiorri 2017-08-26 Captain Tag

Brewer saved the Mechanics. He even handed them the key to victory against the Collectors. But now the Mechanics want his blood. They aren't the only ones. When Tag returns to the SRE, he isn't given a hero's welcome. He is treated like a criminal. They suspect him of working for the Collectors. He finds himself mired in a plot that threatens to tear humanity apart. His only hope of quelling their suspicions and unifying the SRE is to follow a mysterious lead to an SRE colony planet where rebellion seems all but inevitable. But someone else has plans for this world and for Tag...

Ghost Fleet Peter Warren Singer 2015 Two authorities on future warfare join forces to create a taut, convincing novel—set in 2026—about a besieged America battling for its very existence.

Underworld: Rise of the Lycans Greg Cox 2009-04-14 The official movie novelization of the latest film in the blockbuster action/horror movie series, Underworld—coming to theaters in January 2009 from Sony Pictures! Centuries ago...two ageless and terrifying races—the aristocratic vampires and the feral lycans—are bound by a cruel, ancestral relationship between master and servant, and eternally separated by the ongoing, violent rivalry between their two species. But unknown to both nobility and enslaved alike, a clandestine—and forbidden—affair between the lycan servant Lucian and the beautiful vampire noblewoman Sonja burns brightly with an unbridled passion. Seeking to escape Sonja's tyrannical father, Viktor, and a future in which their love is considered an abomination, Lucian risks the ever-present machinations of the court and his very life to cast himself and his beloved free of their bonds...a daring tactic that will eventually give all lycans the courage to rise up against their oppressive vampire overlords. New alliances are forged even as the chains of slavery are broken...and all that Lucian and Sonja hold dear will be threatened with utter annihilation....

Likewar Peter Warren Singer 2018 Social media has been weaponized, as state hackers and rogue terrorists have seized upon Twitter and Facebook to create chaos and destruction. This

urgent report is required reading, from defense experts P.W. Singer and Emerson T. Brooking.

The Tide Anthony Melchiorri 2016-01-09 Book 2 in Anthony J Melchiorri's The Tide series. The tide has turned against humanity... Governments across the globe have failed to stop the spread of the Oni Agent. The biological weapon continues to wreak havoc. Those that are infected become abominations known as Skulls, a fate worse than death. Captain Dominic Holland and Meredith Webb have made it to Fort Detrick. The Army base was once a bastion for America's biodefense. Now, swarms of hungry Skulls prowl outside the walls. With Fort Detrick's resources, Dom and Meredith think they may finally have a chance to to slow the spread of the Oni Agent. But with the United States military in disarray, the situation outside Detrick's walls grows bleaker. More and more civilians succumb to the Skulls-or become them. Dom leads a desperate mission to establish a safe zone for civilians fleeing the nightmarish creatures. Despite this apocalyptic new world, Dom and the Hunters are determined to succeed. New threats and discoveries challenge them every step of the way. But they soon find potential help from an unlikely source...if they can survive long enough to receive it.

Shattered Sword Jonathan Parshall 2011 Many consider the Battle of Midway to have turned the tide of the Pacific War. It is without question one of the most famous battles in history. Now, for the first time since Gordon W. Prange s bestselling "Miracle at Midway," Jonathan Parshall and Anthony Tully offer a new interpretation of this great naval engagement. Unlike previous accounts, "Shattered Sword" makes extensive use of Japanese primary sources. It also corrects the many errors of Mitsuo Fuchida s "Midway: The Battle That Doomed Japan," an uncritical reliance upon which has tainted every previous Western account. It thus forces a major, potentially controversial reevaluation of the great battle. The authors examine the battle in detail and effortlessly place it within the context of the Imperial

Navy's doctrine and technology. With a foreword by leading WWII naval historian John Lundstrom, "Shattered Sword" will become an indispensable part of any military buff's library. Winner of the 2005 John Lyman Book Award for the "Best Book in U.S. Naval History" and cited by "Proceedings" as one of its "Notable Naval Books" for 2005."

The Tide at Sunrise Denis Warner 2002 The Russo-Japanese War was fought in the waters of the Yellow Sea and the Straits of Tsushima that divide Japan from Korea, and in the mountains of Manchuria, borrowed without permission from China. It was the first war to be fought with modern weapons. The Japanese had fought the Chinese at sea in 1894 and had gained a foothold in Manchuria by taking control of Port Arthur. In 1895, however, Japan was forced to abandon its claims by the Russian fleet's presence in the Straits of Tsushima. Tsar Nicholas had obtained a window to the East for his empire and Japan had been humiliated. Tensions between the two countries would rise inexorably over the next decade. Around the world, no one doubted that little Japan would be no match for the mighty armies of Tsar Nicholas II. Yet Russia was in an advanced state of decay, the government corrupt and its troops inept and demoralized. Japan, meanwhile, was emerging from centuries of feudal isolation and becoming an industrial power, led by zealous nationalist warlords keen to lead the Orient to victory over the oppressive West. From the opening surprise attack on the Russian fleet at Port Arthur in 1904, the Japanese out-fought and out-thought the Russians. This is a definitive account of one of the pivotal conflicts of the twentieth century whose impact was felt around the world.

The Tide Anthony J. Melchiorri 2016-03-31 Book 3 in Anthony J Melchiorri's The Tide series. New heroes emerge from the smoldering ashes of humanity... But so do new threats. A man-made plague has ravaged humanity, the military is in shambles, and chaos reigns over the world. Hope seems nothing more than a dream. Captain Dominic Holland is determined to stop the

inevitable. His daughters are finally safe, and his crew has found new ways to combat the Skulls. He leads the Hunters on a mission to recover vital research that may hold the key to stopping the biological agent responsible for this apocalyptic new world. But unexpected new dangers threaten the Hunters' efforts. They must adapt and face these challenges with everything they have. After all, it's no longer just their lives on the line. The future of the human race relies on their success. Can the Hunters salvage what remains of humanity? Or is it already too late?

Destiny in the Desert Jonathan Dimbleby 2013-09-03 A “superior history of the North African campaign” and the British WWII victory that Winston Churchill called the end of the beginning (Booklist). It was the Allied victory at the Battle of El Alamein in November 1942 that inspired one of Churchill’s most famous aphorisms: “This is not the end, it is not even the beginning of the end, but it is, perhaps, the end of the beginning.” And yet the true significance of this iconic episode remains unrecognized. In this thrilling historical account, Jonathan Dimbleby describes the political and strategic realities that lay behind the battle, charting the nail-biting months that led to the victory at El Alamein in November 1942. It is a story of high drama, played out both in the war capitals of London, Washington, Berlin, Rome, and Moscow, and at the front, in the command posts and foxholes in the desert. *Destiny in the Desert* is about politicians and generals, diplomats, civil servants, and soldiers. It is about forceful characters and the tensions and rivalries between them. Drawing on official records and the personal insights of those involved at every level, Dimbleby creates a vivid portrait of a struggle which for Churchill marked the turn of the tide—and which for the soldiers on the ground involved fighting and dying in a foreign land.

Edge of War Anthony J. Melchiorri 2017-04-28 Humanity's expansion into the stars has led to awe-inspiring discoveries-and terrifying new threats. An insidious alien race is waging an interstellar war, enslaving any civilization they encounter to carry

out their galactic rampage. Now they have set their sights on mankind. Tag Brewer is a medical scientist. Not a ship's captain. But as humanity's survival hangs in the balance, he must lead a ragtag crew of humans, a skeptical alien, and a synthetic lifeform into the depths of enemy territory. There he forms an uneasy alliance with a group of aliens-the Mechanics-fleeing from the destruction. There is only one way to track down and stop their frightening new adversaries. Tag must follow the trail of devastation left behind in the fallen Mechanic empire. There he hopes to recruit other survivors to their cause. But what Tag and his crew find is far more dangerous than any of them thought possible.

Unworthy Kirsten Beyer 2012-12-11 In the climactic conclusion to the Star Trek: Destiny trilogy the greatest menace to the galaxy, the Borg, were absorbed into the Caeliar gestalt -- with one exception, Seven of Nine, who finds herself trapped in a half existence, neither drone nor human. Seven agrees to join Chakotay, the former captain of the USS Voyager, to rendezvous with the ships that Starfleet Command has sent into the Delta Quadrant and see if they can solve the mystery of the Caeliar's disappearance. In a region of space which has lived in fear of instant annihilation, Voyager is charged with reaching out to possible allies and resolving old enmities. But these are not the friendly stars of the Federation, and out here the unknown and the unexpected cannot be dealt with by standard Starfleet protocols.

The Swarm War Troy Denning 2005 With a war between the Killiks and Chiss threatening to engulf the entire galaxy, Luke Skywalker makes a desperate attempt to prevent war by venturing deep into hostile territory to undermine the war-making capabilities of all the combatants.

A Swift and Savage Tide Chloe Neill 2021-11-30 Chloe Neill's bold, seafaring heroine Captain Kit Brightling sets sail for the high seas and high sorcery in this swashbuckling fantasy series. Captain Kit Brightling is Aligned to the magic of the sea, which

makes her an invaluable asset to the Saxon Isles and its monarch, Queen Charlotte. The Isles and its allies will need every advantage they can get: Gerard Rousseau, the former Gallic emperor and scourge of the Continent, has escaped his island prison to renew his quest for control of the Continent. Gerard has no qualms about using dangerous magic to support his ambitions, so Kit and the crew of her ship, the Diana, are the natural choice to find him—and help stop him. But then Kit's path unexpectedly crosses with that of the dashing and handsome Rian Grant, Viscount Queenscliffe, who's working undercover on the Continent in his own efforts to stop Gerard. And he's not the only person Kit is surprised to see. An old enemy has arisen, and the power he'll wield on Gerard's behalf is beautiful and terrible. Sparks will fly and sails will flutter as Kit and crew are cast into the seas of adventure to fight for queen and country.

Blue Gold Clive Cussler 2000-08-01 Clive Cussler's New York Times bestselling Blue Gold, now available in ebook, is a heart-pounding thriller in the NUMA adventure series. Kurt Austin navigates the Amazon jungle in search of a legend that could change the path of science—but secretive powers will do anything to stop him. From deep within the Venezuelan rain forest emanates the legend of a white goddess and a mysterious tribe with startling technical accomplishments. Few believe the tribe exists—and even fewer suspect its deity may hold knowledge that can change the course of history. For National Underwater & Marine Agency crew leader Kurt Austin, an investigation into the sudden deaths of rare whales leads him to the Mexican coast, where someone tries to put him and his mini-sub permanently out of commission. Meanwhile, in South America's lush hills, a specially assigned NUMA crew turns up the white-goddess legend—and a murderous cadre of bio-pirates intent on stealing medicinal secrets worth millions. Soon Austin and his crew realize they're working the opposite ends of the same grand scheme. A billionaire California tycoon is poised to rise to power by monopolizing the earth's vastly depleted

freshwater reserves and ultimately dominate the world. Austin has a hunch Venezuela's mythical tribal goddess has some real roots in science, and may be the key to locating a secret formula that could turn vast amounts of seawater into fresh. But with each step into the bush, he and his NUMA team feel like fish out of water—and must fight a deadly, twisting trail of enemies through a dense jungle of treachery, blackmail, and murder.

Biostorm Anthony J Melchiorri 2021-05-20 Two covert operatives stand between an insidious scientific conspiracy and global catastrophe. Alex Wolfe is an elite agent with the CIA. He has a proven track record of stopping international bioweapons programs. Skylar Cruz is a skilled Marine whose battlefield injury sidelined her from serving her country. When they're recruited for a brand-new covert op group, Vector, combatting biological and chemical weapons threats, their first mission had better be a success. Because it's not just their careers at stake. It's all of humanity. Wolfe and Cruz embark on a deadly race against bands of mercenaries and diabolical government forces through the bustling markets of Istanbul to crime-infested Russian port cities and Vietnamese jungles hiding forgotten conspiracies. Only they can stop a rampant airborne bioweapon unlike any the world has ever seen. Danger is in the air. Literally. **Biostorm** is Book One in the Vector series, where high-octane action and suspense collide with real science and technology.

World of Warcraft: Jaina Proudmoore: Tides of War Christie Golden 2013-04-30 Traces the downfall of a beloved peacekeeper who is pushed to a breaking point by an inconceivable horror that changes her in irrevocable, ethics-testing ways.

When the Devil Dances John Ringo 2002-04-01 After five years of battling invaders, human civilization prepares a strike to drive the aliens from the Earth. But the Clan-Lord of the Sten has learned from the defeats human have dealt him, and has his own battle plan. When he squares off against Major Michael O'Neal, the only winner will be Satan himself. . . . At the publisher's

request, this title is sold without DRM (Digital Rights Management).

Tidelands Philippa Gregory 2019-08-20 This New York Times bestseller from “one of the great storytellers of our time” (San Francisco Book Review) turns from the glamour of the royal courts to tell the story of an ordinary woman, Alinor, living in a dangerous time for a woman to be different. A country at war A king beheaded A woman with a dangerous secret On Midsummer’s Eve, Alinor waits in the church graveyard, hoping to encounter the ghost of her missing husband and thus confirm his death. Until she can, she is neither maiden nor wife nor widow, living in a perilous limbo. Instead she meets James, a young man on the run. She shows him the secret ways across the treacherous marshy landscape of the Tidelands, not knowing she is leading a spy and an enemy into her life. England is in the grip of a bloody civil war that reaches into the most remote parts of the kingdom. Alinor’s suspicious neighbors are watching each other for any sign that someone might be disloyal to the new parliament, and Alinor’s ambition and determination mark her as a woman who doesn’t follow the rules. They have always whispered about the sinister power of Alinor’s beauty, but the secrets they don’t know about her and James are far more damning. This is the time of witch-mania, and if the villagers discover the truth, they could take matters into their own hands. “This is Gregory par excellence” (Kirkus Reviews). “Fans of Gregory’s works and of historicals in general will delight in this page-turning tale” (Library Journal, starred review) that is “superb... A searing portrait of a woman that resonates across the ages” (People).

World of Warcraft: Tides of Darkness Aaron Rosenberg 2007-08-28 After killing the corrupt Warchief Blackhand, Orgrim Doomhammer was quick to seize control over the Orcish Horde. Now he is determined to conquer the rest of Azeroth so that his people will once again have a home of their own in the... WORLD OF WARCRAFT Anduin Lothar, former Champion of Stormwind,

has left his shattered homeland behind and led his people across the Great Sea to the shores of Lordaeron. There, with the aid of the noble King Terenas, he forges a mighty Alliance with the other human nations. But even that may not be enough to stop the Horde's merciless onslaught. Elves, dwarves, and trolls enter the fray as the two emerging factions vie for dominance. Will the valiant Alliance prevail, or will the Horde's tide of darkness consume the last vestiges of freedom on Azeroth?

On Stranger Tides Tim Powers 2011-04-26 "Powers writes action and adventure that Indiana Jones could only dream of."

—Washington Post "Tim Powers is a brilliant writer." —William Gibson The remarkable Tim Powers—who ingeniously married the John Le Carré spy novel to the otherworldly in his critically acclaimed Declare—brings us pirate adventure with a dazzling difference. On Stranger Tides features Blackbeard, ghosts, voodoo, zombies, the fable Fountain of Youth...and more swashbuckling action than you could shake a cutlass at, as reluctant buccaneer John Shandy braves all manner of peril, natural and supernatural, to rescue his ensorcelled love.

Nominated for the Locus and World Fantasy Awards, On Stranger Tides is the book that inspired the motion picture Pirates of the Caribbean: On Stranger Tides—non-stop, breathtaking fiction from the genius imagination that conceived Last Call, Expiration Date, and Three Days to Never.

At All Costs Sam Moses 2007-09-04 In this gripping, page-turning account, Sam Moses has told a story in the tradition of Sebastian Junger's A Perfect Storm, Robert Kurson's Shadow Divers, and Hampton Sides's Ghost Soldiers. It's a story about the heroism of two men in battle at sea during World War II, and one woman fleeing Nazi Norway with her child. It's about how courage can change the course of history. AT ALL COSTS: How a Crippled Ship and Two American Merchant Marines Turned the Tide of World War II is the astonishing untold account, with original historical reporting, of how two men faced unfathomable danger to help save the island of Malta, Churchill's crux of the

war. In 1942, the tiny island of Malta was the most heavily bombed place on earth. Hitler needed Malta as a stepping-stone to get to the oil in Iraq and Iran (Persia at the time). Blockaded by sea, Malta was running on empty, in food, fuel and ammunition. Axis U-boats and dive-bombers made supply convoys to Malta more like suicide missions. In this last-hope convoy, 50 warships escorted 13 freighters carrying aviation fuel, and a single critical tanker, the SS Ohio, with 107,000 barrels of oil from Texas. Winston Churchill had traveled to Washington and asked FDR for the tanker—his prime ministership was at stake over this mission to Malta. Relentlessly dive-bombed and repeatedly torpedoed, the Ohio suffered huge hits and was abandoned. Two young American merchant mariners—pulled from the sea after their own ship went down in flames—boarded the ravaged tanker, repaired her guns and fought off German and Italian dive-bombers, as the sinking Ohio was towed at 4 knots toward Malta with a tiny crew of volunteers. Sam Moses' *AT ALL COSTS* is a triumphant story of human bravery: fearless, selfless acts by men determined to save a ship and win a war; profound communal courage from an island under brutal siege; and leaders who understood the cause of freedom. Kirkus (starred review) A historical footnote provides a riveting tale of true American grit during World War II. In 1942, the island of Malta was the primary launching point in the Mediterranean for Allied aircraft and submarine attacks against Axis supply convoys. At the height of the North African campaign, Rommel's tanks prepared to sweep into Egypt, Iran and Iraq. The only thing they lacked was the fuel to get there, and the shortage was equally desperate on Malta. The Allies launched Operation Pedestal, a last-ditch effort to re-supply the base by sending a convoy from Britain through the Gibraltar Strait to the beleaguered island. The convoy, which included the American tanker Ohio and the U.S. freighter Santa Elisa, was anything but a milk run. Vietnam vet Moses (*Fast Guys, Rich Guys and Idiots*, not reviewed) crafts a thrilling adventure on the high seas, though it takes a while to get started. The book's first third juxtaposes

Malta's plight against the stories of two American merchant seamen on the Santa Elisa: Lonnie Dales and Fred Larsen, through whose eyes the battle will be viewed in bluecollar detail. Once Operation Pedestal begins, the narrative is all action. The convoy comes under repeated attack, lives are lost, the Santa Elisa is sunk. Dales and Larsen find themselves aboard the wounded Ohio, full to the brim with Texas crude. If they can hold off Nazi attacks and keep their new ship afloat long enough to reach Malta, the operation will be a success. Moses takes readers directly into the heat of battle, demonstrating a strong command of historical detail. Highly recommended for fans of naval adventure. (Agent: Peter Riva/International Transactions, Inc.) "At All Costs is an extraordinary work of research and an exciting read that pays tribute to a crucial enterprise taken against incredible odds. Sam Moses has brought the ghastliness of war and the beauty of heroism together, in jarring union."

–Frank Deford "This book tells a great story. But Sam Moses is not just sharing a gripping tale. He is sharing an important and oft neglected story about a battle that played a decisive role in shaping the outcome of WW II. You will meet people who will linger in memory for their bravery, foolishness, or wisdom." –Ken Auletta, author of Backstory "Thrillingly told and beautifully researched, At All Costs is not just the against-all-odds story of the saving of Malta, but also of how the fate of nations can turn on the personal bravery of two ordinary men." –Robert Kurson, author of Shadow Divers "Sam Moses has skillfully blended the vivid recollections of many eyewitnesses with a wealth of original documentary research to produce an immensely readable and authoritative account of this crucial operation." –Mark Whitmore, Director of Collections, Imperial War Museum, London, England

Under a Graveyard Sky John Ringo 2013-09-03 Zombies are real. And we made them. Are you prepared for the zombie apocalypse? The Smith family is, with the help of a few marines. When an airborne _zombieÓ plague is released, bringing civilization to a grinding halt, the Smith family, Steven, Stacey,

Sophia and Faith, take to the Atlantic to avoid the chaos. The plan is to find a safe haven from the anarchy of infected humanity. What they discover, instead, is a sea composed of the tears of survivors and a passion for bringing hope. For it is up to the Smiths and a small band of Marines to somehow create the refuge that survivors seek in a world of darkness and terror. Now with every continent a holocaust and every ship an abattoir, life is lived under a graveyard sky. At the publisher's request, this title is sold without DRM (Digital Rights Management). . . the thinking reader's zombie novel. . . Ringo fleshes out his theme with convincing details—the proceedings become oddly plausible. ¼ Publishers Weekly_ If you think the zombie apocalypse will never happen, if you've never been afraid of zombies, you may change your mind after reading *Under a Graveyard Sky*. . . Events build slowly in the book at the outset, but you can't stop reading because it's like watching a train wreck in slow motion: inexorable and horrible. And the zombie apocalypse in these pages is so fascinating that you can't stop flipping pages to see what happens next. ¼ Bookhound

Turning the Tide on Trash 1992 "Turning the Tide on Trash ... is an interdisciplinary guide designed to provide maximum flexibility in the classroom." The curriculum guide is designed for use either as a primary tool, or to supplement work in other subject areas. Three teaching units develop concepts on 1) The definition, characteristics, and sources of marine debris; 2) The effects of marine debris; and 3) Developing solutions and spreading the word. Units contain questions regarding the concepts, background information, 'Facts from the Deep', objectives, instructions on activities, vocabulary, materials, learning skills, duration (typically 40 minutes), necessary reproducibles, and procedures. Academic subject areas encompass art, language arts, mathematics, music, science and social studies. Guide appears to be directed to teachers of upper elementary and middle school students.

The Tide: Devil to Pay Anthony J. Melchiorri 2018-10-31 Book 8

in Anthony J Melchiorri's The Tide series. The apocalypse is here. Nightmarish creatures haunt every corner of the globe. They are the result of a biological agent that subverts human biology, turning people into monstrosities covered by overgrown bones and fueled by an unquenchable hunger. And that is just the beginning. A fanatical organization led by a rogue Russian biowarfare expert continues to expand their arsenal of biological weapons. Each design is more diabolical than the last. Now the group plans to launch a new airborne agent that will destroy every last pocket of humanity eking out an existence in this horror-filled world. Captain Dominic Holland and his team of elite covert mercenaries are assigned to stop the launch of this terrifying new weapon. In a desperate race against time, they must navigate the treacherous waters and cities around Europe to save humanity.

The Ghost Fleet United States. Congress. House. Committee on Small Business. Subcommittee on Regulation, Business Opportunities, and Energy 1990

The Tide Anthony J Melchiorri 2019-07-17 Book 10 in Anthony J Melchiorri's The Tide series. Humanity is on the edge of defeat. Soon no one will be free from the nightmarish effects of the virulent bioengineered Oni Agent. The fanatical organization responsible has pushed mankind to the brink of extinction and is on the verge of victory. In one final surge, they prepare to sweep the globe from ground zero in Siberia. Only one man and his team of operatives stand in their way. Captain Dominical Holland and former intelligence officer Meredith Webb launch a final mission to prevent a total world collapse, but the costs will be enormous if they are to save humanity from the Oni Agent.

The Tide Anthony J Melchiorri 2020-06-13 Book 6 in Anthony J Melchiorri's The Tide series. In Morocco, tourists and merchants once packed the winding alleys and expansive markets of Tangier. Now there are only Skulls. Captain Dominic Holland and the Hunters pursue the mysterious organization responsible for the Oni Agent straight into the ravaged city. But something more

frightening than anything they've encountered awaits. Across the Atlantic, Colonel Jacob Shepherd is tasked with delivering a key enemy scientist to the United States Government. But no journey at the end of the world is without disaster. Faced with a mission derailed by catastrophe, Shepherd must make an impossible choice to save his country-and the world.

Book 8: The Tide: Devil to Pay

Ship of Ghosts James D. Hornfischer 2006 Describes the loss of the cruiser USS Houston during the early days of World War II in the Pacific and the fate of the warship's surviving crew, who were captured by the Japanese and forced to work as slaves on Japan's brutal Burma-Thailand Death Railway.

Lost Towns of Tidewater, Maryland Donald Shomette 2000 In the years between 1668 and 1751, the government of Maryland envisioned an urban development program unrivaled in scope by any other colony except Virginia. Unwilling to allow development to occur naturally, both the Lord Proprietor and the legislature tried to create towns, ignoring the social, economic, and topographic realities that would doom most of them to short lives. The background of Maryland's attempt at urbanization is complex and perplexing. It is a history laced with proclamations and laws, acts and supplementary acts, all of which flowed against the grain of rural plantation society, as time and experience eventually proved. Of the 130 sites designated in the tidewater section of the state, less than a score exist today as cities or towns of any note. The others, the majority, shared a common end—they disappeared into oblivion, destroyed by the sequence of tumultuous events that shaped Maryland's past. This is the story of ten lost towns, chosen to represent a cross section of all. Each was unique in the manner in which it was given birth, flickered into existence against all odds, matured, and finally expired. The story of Maryland's lost towns is not a simple tale of buildings and

wharves, but a history of the people, both freemen and slaves, who created them, lived and worked in them, defended them, and died with them.

The God Organ Anthony J. Melchiorri 2014-10-11 Immortality is within reach. In 2063, a biotechnological revolution sweeps the nation. Behind this movement is Chicago-based medical giant LyfeGen. The company leads the biotech industry with their Sustain, an implantable artificial organ designed to grant its recipients near-immortality. But many of those recipients are suddenly dying. Biomedical scientist Preston Carter developed the Sustain to improve and save lives. Yet there are others that would see him fail. Extreme religious groups, radical movements, and competing corporations would prefer to see LyfeGen collapse rather than allow "the god organ" to fundamentally alter medicine and the human body. In a race against time, Carter must learn to trust resourceful journalist Audrey Cook. She may hold the key to discovering who is sabotaging the Sustain. And with the organ already implanted in his own body, Carter must uncover the truth before he's killed by his invention. **THE GOD ORGAN** is a near-future medical thriller that takes the reader on a suspenseful ride filled with sinister conspiracies, intriguing biomedical science, and rampant corruption that will leave readers wondering just how dangerous becoming a god may really be.

Storm Tide Wilbur Smith 2022-06-28 Two brothers divided over the future of a country on the brink of revolution. Multimillion copy bestselling author Wilbur Smith returns with a brand-new historical epic, set against the backdrop of the American revolution. The Courtney family is torn apart as three generations fight on opposing sides of a terrible war that will change the face of the world forever. 'Best Historical Novelist' Stephen King 1774. Rob Courtney has spent his whole life in a quiet trading outpost on the east coast of Africa, dreaming of a life of adventure at sea. When his grandfather Jim dies, Rob takes his chance and stows away on a ship as it sails to England, with only the family

heirloom, the Neptune Sword, to his name. Arriving in London, Rob is seduced by the charms of the big city and soon finds himself desperate and penniless. That is until the navy comes calling. Rob is sent across the Atlantic on a ship to join the war against the rebellious American colonists. But on the other side of the Atlantic, unbeknownst to Rob, his distant cousins Cal and Aidan Courtney are leading a campaign against the British. Their one desire is American independence, and they are determined to drive the British out of America - by whatever means necessary. . . A powerful new historical thriller by the master of adventure fiction, Wilbur Smith, of families divided and a country on the brink of revolution.

The Fleet the Gods Forgot Walter G. Winslow 2014-08-15 The heroic story of the U.S. Asiatic Fleet at the outbreak of World War II and their disastrous encounter with vastly superior Japanese forces.

Deadrise Anthony J. Melchiorri 2016-08-05 Book 4 in Anthony J Melchiorri's The Tide series.They might be humanity's only hope...And they were left for dead. Captain Dominic Holland's greatest weapon against the apocalypse is his ship. The Huntress is the heart of Dom's scientific research and military operations. And it has been taken. Dom must embark on a perilous mission to retake it if he stands any chance at finding the cure the world so desperately needs.Dom's daughter, Kara, is stranded in the middle of Skull-infested Virginia. While she and a few others struggle to reunite with Dom and the Hunters, enemies more terrifying and ruthless than the Skulls emerge.New adversaries emerge at every turn. The Hunters are running out of time and resources. They have no choice but to rise in the face of almost certain defeat and fight to save humanity from the brink of utter annihilation. Book 1: The Tide Book 2: The Tide: BreakwaterBook 3: The Tide: SalvageBook 4: The Tide: Deadrise Moby-Duck Donovan Hohn 2011-03-03 Selected by The New York Times Book Review as a Notable Book of the Year A revelatory tale of science, adventure, and modern myth. When

the writer Donovan Hohn heard of the mysterious loss of thousands of bath toys at sea, he figured he would interview a few oceanographers, talk to a few beachcombers, and read up on Arctic science and geography. But questions can be like ocean currents: wade in too far, and they carry you away. Hohn's accidental odyssey pulls him into the secretive world of shipping conglomerates, the daring work of Arctic researchers, the lunatic risks of maverick sailors, and the shadowy world of Chinese toy factories. *Moby-Duck* is a journey into the heart of the sea and an adventure through science, myth, the global economy, and some of the worst weather imaginable. With each new discovery, Hohn learns of another loose thread, and with each successive chase, he comes closer to understanding where his castaway quarry comes from and where it goes. In the grand tradition of Tony Horwitz and David Quammen, *Moby-Duck* is a compulsively readable narrative of whimsy and curiosity.

The Sea-Beach at Ebb-Tide Augusta Foote Arnold 2019-09-25
Reproduction of the original: The Sea-Beach at Ebb-Tide by Augusta Foote Arnold

The Tide Anthony Melchiorri 2018-04-25 Book 7 in Anthony J Melchiorri's The Tide series. Even the oceans are no longer safe from the scourge of the biological weapon known as the Oni Agent. Governments struggle to stand under the weight of civilization's collapse. Some remnants of human society have risen from the ashes. But the radical military organization responsible for the Agent has developed a new weapon more terrifying than their last. Rumors spread that a ghost fleet of ships have been commandeered to deliver the killing blow that will destroy any hope of humanity's resurrection. Captain Dominic Holland and his group of covert operatives are charged with uncovering the whereabouts of the fleet and stopping them before they reach land. On a mission that takes them around the crumbling strongholds of Europe, they uncover a plot more sinister than they could have possibly imagined. With few resources and little time, Dom and his Hunters put their lives on

the line to save the world from utter destruction. But even that
may not be enough
