**Why Good People Do Bad Things** James Hollis, 2008-04-17 Working with the Shadow is not working with evil per se It is working toward the possibility of greater wholeness We will never experience healing until we can come to love our unlovable places for they too ask love of us How is it that good people do bad things Why is our personal story and our societal history so bloody so repetitive so injurious to self and others How do we make sense of the discrepancies between who we think we are or who we show to the outside world versus our everyday behaviors Why are otherwise ordinary people driven to addictions and compulsions whether alcohol drugs food shopping infidelity or the Internet Why are interpersonal relationships so often filled with strife Exploring Jung's concept of the Shadow the unconscious parts of our self that contradict the image of the self we hope to project Why Good People Do Bad Things guides you through all the ways in which many of our seemingly unexplainable behaviors are manifestations of the Shadow In addition to its presence in our personal lives Hollis looks at the larger picture of the Shadow at work in our culture from organized religion to the suffering and injustice that abounds in our modern world Accepting and examining the Shadow as part of one's self Hollis suggests is the first step toward wholeness Revealing a new way of understanding our darker selves Hollis offers wisdom to help you to acquire a more conscious conduct of your life and bring a new level of awareness to your daily actions and choices
